Barrus Resigns

I regret having to announce that Tim Barrus has resigned as Associate Editor. I was quite pleased with many of the improvements he had made in the magazine and with many of his plans for the future. However, he became quite concerned about Justice Department persecution of publishers of erotica and decided to sever his relationship with Desmodus, Inc.

Dukakis Wins (I hope)

As this is being written, the first Tuesday after the first Monday of November is still a couple of weeks away. As you read it the decisions will have been made. In the presidential column this is definitely one of those time's I'd prefer to vote "None of the Above". However, I do hope that most people will not make that choice but will vote for Dukakis. The governor of Massachusetts has definitely not been a good friend of Gays. However, when I think of the men (and the masculine is probably correct) Bush would likely appoint to judgeships, I shudder.

Retention of a Republican administration is likely to leave us with a Justice Department largely staffed and trained by Ed Meese. And the anti-porn,

anti-gay, anti-sex crusade they are planning is just beginning. Together with the conservative federal judges appointed over the last eight years, an unchanged Justice Department bodes for grim times ahead. I will be voting Democratic, I hope enough others do too.

NYC Reads

Several months ago I announced that we had lost our major distributor in the New York area. We are receiving frequent letters from men who complain that they can't find our magazines on the newsstands. I have several suggestions:

The first, of course, is SUBSCRIBE! A subscription will guarantee that you get every issue. I do warn you that a bulk mail subscription will take anywhere from one to four weeks to reach you, with two to three weeks being normal. That means it will be on the newsstand a week or two before you get your copy in the mail. Sorry, UPS delivery to newsstands is much more efficient than is the post office delivery to your home. All magazines go out of our offices within five days of receipt, but the wholesale orders must go first so we have room to work on the subscriptions. A first class mail subscription is considerably quicker delivery. Of course if your problem is that

you can't find Drummer on the newsstands, you are not going to be bothered by the fact that you will be seeing it on the newsstands before your subscription copy arrives.

We do now have several smaller distributors serving the northeast including the New York City area, and our wholesale shipments to the region are now up to about 75% of what they used to be. If your favorite newsstand doesn't have it, ask for it. Let them know you want it. If their own distributor does not carry it they can order directly from us (and get a better rate too).

We sell direct to several outlets in New York City. These include The Moose, A Different Light Bookstore, The Pleasure Chest, The Leather Man, SLR Merchandising, and Village Candy. A Different Light usually stocks recent back issues as well as the current issues.

Recent Events

The 1988 Mr. Drummer Finals, Chicago Hellfire Club's Inferno XVII, NLA's Living in Leather III, and the recent meetings of SSCA's Interim Steering Committee have all produced good news that we will be reporting on in future issues of Drummer, DM and the Guardian.

CAUTION: Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person must understand the dangers.

While *Drummer* hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases and safe and sane behavior with respect to all activities and will try to point out all activities which deviate from generally recognized safe-sex and safe-and-sane

play activities. CHROME ASS EGGS

Custom cast in solid bronze and then chrome electroplated and polished to a silver mirror finish that will not flake off and is virtually indestructible, these eggs are 2.3" long, 1.7" in diameter and weigh about 1.2 lbs. A small hole penetrating lengthwise is just the right size for a leather thong. You can link two or more together like a "string of pearls" or put one in and leave its attached mate swinging outside.

The egg shape allows for easy insertion and removal which, by the way, is not a problem—gravity sees that they come out. Just don't lay them into the toilet bowl or you'll have shattered porcelain and a wet floor! Invent your own games with this unique and stimulating anal toy.

Anal Pleasure & Health

SECOND EDITION

ANAL PLEASURE & HEALTH

In these days of doubt and fear it is always a pleasure to find a book that gives positive, sound, research-based information on anal sexuality while dispelling the myths. It is commonly believed that people who regularly enjoy sensual or erotic anal stimulation inevitably run a greater risk of developing medical problems. The belief is that one must choose—either anal pleasure or anal health. For many, the strength of this conviction has been intensified even further by the AIDS crisis.

However, in spite of AIDS, it is still possible to enjoy anal stimulation in a self-affirmation and healthful way. To do so requires challenging the anal taboo, a deeply ingrained, unquestioned prohibition against becoming intimately familiar with the anal area and its erotic potential.

In *Anal Pleasure & Health*, the reader will discover that there is no inherent conflict between anal pleasure and anal health. On the contrary, a person who wishes to expand his/her capacity for enjoying anal stimulation is advised to take virtually the same steps as the person who desires optimum anal health.

Dr. Morin covers such forbidden topics as anal self-exploration, locating and exercising anal and pelvic muscles, stress and tension release through anal stimulation, proper douching and lubrication techniques, physiological aspects of "fisting," confronting the taboos concerning feces, homophobia and masculine/feminine roles, oral-anal stimulation (rimming) and even suggestions on finding a sympathetic physician.

Now in its second edition, *Anal Pleasure & Health* contains full research data, bibliography, and an entirely new section on common medical problems of the anus and rectum which includes a comprehensive discourse on AIDS and coping with the crisis. Dr. Morin's research has shown that both anal pleasure and health are not particularly difficult for most people to attain when they are given adequate information, a sequence of simple recommendations and a little encouragement—all of which can be found in *Anal Pleasure & Health*.

MALE CALL

COMING OUT IN LEATHER

I am a twenty-one-year-old male and am able to live out my closeted leather lifestyle as an adult caring for another man or being abused by one, it's up to me to decide.

I wonder just how much of a leather lifestyle I will have or even if I'll get the balls to go to a leather bar, what few there are in Oregon let alone the United States. I've contemplated writing to some of the motorcycle clubs wondering if they'd laugh at me if I asked them as a brother or a young virgin scared to come out.

I've even hesitated writing you guys but you are by far the "top"est notch of leather magazines that deal with situations of my kind.

Just how many other guys out there 21-100 find it hard to come out in leather? I wonder if they feel as I do when I say I'm afraid to be laughed at and getting mixed up in such a scary color as black; it really is mindboggling to be so damned mixed up!

I wish I could get the courage to go up to a leather guy and say, "I'd really like to be your friend." Sex might come in time if it came at all, but would I get laughed at? Please help me, I am scared to death of the future . . .

KR/Portland, OR

Coming out is a process. It happens when we're ready for it to happen; not before. Whether you're coming out in leather or whether you find leather after you come out the reality is that it's rarely easy. For anyone. As I read through the mountain of mail that arrives at *Drummer's* doorstep on a daily basis I note that the most commonly echoed theme from readers seems to be: tell me that I'm not alone. You are not alone. Feeling scared is part of the process and perfectly normal. So is being laughed at—the best kind of laughter being based in our (healthy) ability to laugh at ourselves because we are secure in terms of being comfortable with who we are. Coming out in leather can also be an experience filled with support, sexual sustenance, and fundamental inevitable growth.

ZZ DRUMMER

You magazine boys sure outdid yourselves again with *Drummer 119*—Bears and Mountain Men. WOW! At last a

Drummer for men like me. You'll never know how long I've been waiting to read something like what Tim Barrus says about the eroticism of bigger men and how men such as myself are sexual and sensual and who gives a fuck if somebody doesn't like big! It's so fucking right! It's about *time* somebody had the balls to say all of this for the first time in print. Why can't people see that bearded men of my size and shape are sexy in our own way. Thank you for showing me that I am not alone. I waited so long for that issue to come out. I'm a ZZ Top type—picture enclosed—and you'd

never believe all of the mean spirited things that over the years I've had to put up with from people who are obsessed with thin. My straight friends can't believe I'm gay and my gay friends all want me to cut my beard and change my shape so I can look just like them. But I am me. And it comes in a great big sexy package. Too many people judge the book by what it looks like before they read what's inside which is where it counts. *Drummer* has become one very sticky very serious very wet wet dream!

HARDBALLING KNOCKOUT!

As of late *Drummer* keeps getting better and better with every issue. Versus

worse and worse with every issue. For a time things were touch and go. It's obvious that Barrus and Fledermaus care about the magazine (as those of us who've been loyal leather readers over the years do) and they're putting their money where their mouths are which is rare and appreciated. It's been a long time in coming but you finally seem to be "getting it." For the first time in ages *Drummer* is giving me a big old hard-on! I am most anxious to see your issue on cigars; I'll bet if you keep up the trend you're going to have the most exciting gay magazine in existence. *Drummer 118* is a hardballing knockout! From the rubber firstperson biography, the accompanying photos, everything reached out and grabbed this leatherman good!

The glossy paper and color photography made a big difference, too. Until I read your notes on the editorial changes I would have sworn those photos were all first-time printings, their impact was so strong. The lace-up boots were my kind of prurient interest. Again, thanks for celebrating masculine sensuality in such an artistic yet earthy way. It's about goddamn time.

EVERY TASTE, EVERY KINK, EVERY POINT OF VIEW

Drummer magazine during its heyday always did keep a lot of us leathermen on our toes—every month it used to be something of an event when *Drummer* came out just to see what outrageous fiction you had and there used to be something for every taste, every kink, every point of view. *Drummer* was unique. There was nothing like it and there still isn't. In the old days you could get off reading *Drummer* before you got to the middle of the magazine!

Then for awhile there, you were losing it and losing it badly (everything got muddy and smudged and there wasn't anything worth reading except for the ads and not everyone gets off on ads because they have a tendency toward fantasy and some leathermen like me want the real thing if you know what I mean NOT a fantasy and even the fiction I like best doesn't read like fantasy it has to read real like the Indian in *Trucker's Trophy* and I knew an Indian like that, was he ever hot just like in the story, maybe it was the Indian I knew) if you want to know the barefaced naked

truth. You went through a long period, *Drummer*, where you just didn't seem to care about what turned us on or what made us think anymore.

When *Drummer* came out it put everyone to sleep. At least for a good portion of the last year, anyway. Bad photos and if you think you were really exploring what a fetish was supposed to feel like, well . . . It sucked. You were skimming the surface. It looked lazy. Other leathermen I know said *Drummer* was dead (some are still saying it). But not me because maybe I'm too optimistic by nature. I like to hope for the best. I like to hope that in time things will change, that we will get past this health crisis, that we can hang onto something worthwhile like *Drummer* and now I know that you are changing for the better. This is a good sign. I knew and I told all my leather brothers you'd eventually come back to us and you have! I even like the fact that you allow room for controversy. It makes me want to read the magazine and not miss a single word! Once again, I am your staunchest fan.

Let's not have a return to issues where you leave me feeling as if I'd just swallowed a horse-sized sleeping pill. I was your most loyal fan. I've never written to *Drummer* before (or any other magazine because I don't care about any of the other pretty boy magazines and I don't often buy them unless some hunk in leather turns me on) but now I have to write because with your new changes in direction and improvements I am no longer comatose by the time I get to page 2. You keep my interest and my cock UP! In fact, with the last few issues you seem to be recapturing some of the old raw sex magic. These days by the time I get to page 2 my cock is straining at the gate!

Beyond the obvious old-fashioned leathersex which you now seem to have finally brought back into the scheme of things you are including subjects that make me feel and think, something the other gay rags try to do but as far as I'm concerned they never accomplish it well because they're all written by twinks, for twinks, about twinks. *Drummer* is about something else. Or at least it used to be.

You at long last seem to be headed in the right direction and this is one old-fashioned never-say-die leatherman who is keeping his fingers crossed that you'll keep doing what you're doing and not slip back to a return to the days when everything felt like we'd read this or seen much of the material before. Don't get mad. Get better and better. Even if we hadn't read the material or seen it before in a previous issue of *Drummer* often it felt like it had been there before. You have to know the truth. *Drummer* is too important to let it slip down like that which is why I'm taking the time to let

you know how one person has reacted to what you are trying to do—put out the best leather magazine in the world! Your editorial by your new Associate Editor about the challenge is to reach in all honesty made me cry. I recently lost a lover and felt so numb because I am not good with words and I didn't know what to say or what to feel and it was very helpful to read the words in *Drummer* that knew what to say and expressed what I was feeling but was not good at writing down or putting into words. You were there when I needed you. Yes, the challenge is to reach.

Please, please, *Drummer* keep up the new good work and the new changes. You'll never know how many times when faced with loneliness and frustration I've turned to *Drummer* and somehow just reading about leathermen and leathersex brings me to a deep sense of who I am; tells me that I'm okay at times when I really need to hear it. So HEAR THIS! Thanks for not giving up! Thanks for caring enough to find new ways to turn me on (I thought for a time I could never be turned on again and it is so good to know it isn't true) and you have turned me on proving that the old dog still has some breath left in him. Rubber issue 118 made me cum in my waders. Mountain men issue made me start thinking about my old sex daddy which lead me to thumb through the daddy issue which made me cream right on the cover, something I've never done before but fully expect to do again when I read your tits issue so let's not disappoint. You're more important—at least to this leatherman—than you will ever know.

With all of the current health struggle and paranoia going on in our community it's as if we've forgotten what hot sex and hot leathermen who are really leathermen and not tourists posing are all about. I appreciate being reminded. I need to be reminded. Leathersex is not dead. If fear occasionally keeps me from away from actual human contact at least I now once again have *Drummer* around with some life in its belly to seduce me with action fiction (can a leatherman who's never written a sex story enter your Rex contest, I'd like to try?) to keep me hard with your (finally!) great photography, and to let me know that my leather brothers are out there just like me even if I can't always see them.

The new *Drummer* has been worth the wait but don't make me wait like that again in frustration if you lose your spark. Next time you lose it you lose it forever. The bad part will be that you will have lost it for leathermen at a time when we really need your strength. Keep up the good leather work and all the cocks you are creaming with the new *Drummer*.

TD/Chicago, IL

I light up. A long, black cigar, selected with care. I inhale the rich smoke and slowly release it. Clenched between my teeth, framed by beard and mustache, or held in my hand, it's a part of me, as it has been for 25 years.

Twenty-five years ago, standing nervously in a drugstore checkout line with a pack of cheroots, I was a 16-year-old sensing that he was about to fulfill something while at the same time about to embark on something. My throbbing cock was trying to tell me something. Within an hour I had slipped on the pair of black leather gloves and lit up my first cigar and released all the mysterious pleasures of leather, cigar smoke and ejaculation—with their own distinct aromas mingling.

Smoke—fetishes—the essentials of this man's sexual satisfaction. Today, I'm a thousand miles away from that drugstore and the fear of being "found out." I'm dressed in total uniform—and I'm smoking longer, blacker, better cigars. Or long, dark cigarettes. Younger men and older men stare and wait their turns. The boy asks to be taught, the older man to be taunted. I cup my cigar over the boy's mouth and order him to breathe. He becomes my suck slave; he handles my rod the way I handle my cigar. The man who could be my Daddy begs me to bind and gag him. He groans as my cigar brushes against his nipples and my glove tightens its grip on his cock. When the gag comes off, he too will find his place on his knees and begin sucking. And I'll continue sucking, too, on my cigar.

Stogie sex

by Max Woodruff

art by Morgan

Another night at The Trestle.

The city of Dallas has seen several other "leather" bars open in the last twelve months. At least they call themselves that. But after the initial curiosity wears off, the "men" who remain seem to be wearing leather costumes, not clothing. So even though the crowds at The Trestle have thinned, you keep coming back, partly because of who's there, but mostly because it was the first bar where you really felt at home.

There is an additional incentive tonight in particular—it's Cigar Night. They designate one of these about once every four or five weeks. And even though the guys who do come out usually smoke their cigars any other night they're in the bar, you can't keep yourself away. The ultimate symbols of manhood: cigars, leather, bikes, a beard or mustache, combined in a man who has the character and intensity to go with those things... the hope (fear) that you might find such a man keeps you coming back.

You light your own cigar, fairly large compared to what one would normally see on the street, very dark, strong, rich. Nearby tourist twinkies in pink polos and just-coiffed hair sniff, making faces you'd expect to see on a society matron when she sips champagne that's been on ice a few minutes too long, and swish with their cigarettes and their wine coolers to another roost. The cigar confuses: with your beard, leather and the look in your eyes, you often attract bottoms, and you enjoy the confusion. Besides you've been known to top a man every now and again. But that is definitely not what you're looking for tonight. Most of the boys who wait for confirmation from you recognize their intrusion, one approaches and begins a conversation that lasts a moment. He is turned on by your cigar, and he accepts one when you offer it. After his cigar is lit and going,

you excuse yourself for another beer.

You spot a few other cigar men in the bar, one outside on the patio, all familiar to you, none with what you need. You draw hard on yours and send a billowing cloud of the almost sweet, intensely masculine smell rolling over your vest, down to the crotch of your jeans. You become absorbed in yourself and your cigar, watching the smoke, knowing you're being watched, by some with desire, with admiration, or contempt. One man is watching you, feeling a combination of all three, with a few other impulses. He is out of your peripheral vision, having crossed the threshold of the patio and immediately seated himself some time ago.

In a heartbeat's time, this man is less than a foot away, in front of you. He has taken your cigar from your hand and clamped it between his teeth. And now he tips your head back with a handful of hair so that you can see his face. He seems huge, but you're not sure if that's because you're sitting, or because he shocked the hell out of you, or because he really is big. All three are true, you eventually find out. He wears a gimme cap with a Harley patch, a short brown beard and a long mustache. His hair is dark blond and unusually short, but it's almost ragged and an inch past military regulation. His eyes are light—you can't tell the color in the dark, but you can see them staring through any attitude you were trying to push. You know he's wearing jeans and chaps because that was the first thing you saw, while he was taking away your cigar.

But as soon as you saw those eyes, you knew. This man is going to hurt you. He is going to hurt you, humiliate you, break you. If you want to stay in control, to protect yourself, you know you'd better get up now and just step around him. That would be the easiest move—to avoid the whole scene and relieve the incredible fear that's exploding in the pit of your stomach.

You've never liked things easy.

A stronger need asserts itself, and you relax your muscles a bit, so that I feel the control I've just taken.

I exhale a pillow of thick cigar smoke that comes to rest over your face, floating between it and my belly. You close your eyes and commit yourself mentally. Inside, you've submitted.

"Leave your car here. Follow me." I walk to the door that leads back into the bar, and turn back to where you're sitting as I open it. Even at 20 feet, you feel the heat from my eyes as they burn through you. You haven't moved, except to let your mouth drop open in awe. Whether that's for your inability to believe your good fortune, or your awe at what you believe is my incredible ego, I can't be sure. But I have my suspicions.

You are with me in the living room of my home. I'm wearing that same t-shirt with the short sleeves rolled up, and a leather jock, nothing else. You are, of course, nude, except for a cock and ball harness.

I lay you down on your back, cuff your hands over your head, and attach the cuffs to a chain that's attached to a screw hook in the wooden front piece of the mantle. I adjust the chain so that your shoulder blades are raised barely above the floor, just enough to be uncomfortable and to immobilize you well. You can't imagine what is about to happen. All you can see on the table near the couch where I'd been are my cigars, a box of wooden kitchen matches, a black tallow burning slowly, a jar of Vaseline, a grayish strip of cloth, and a large ashtray. As you're taking this in and trying to make some sense of it all, you watch as I move my half-smoked cigar (I finished yours before we left my car) from between my fingers to between my teeth and clamp it tight on the right side of my mouth. Even half-smoked it's nearly five inches long, though it looks bigger because of its full inch in diameter. Then I pick up the strip of cloth and move behind you. You hear me sit on the brick fireplace seat, and my hands whip the cloth in front of your face and over your eyes. The cloth pulls tighter, and you close your eyes so it won't bind them open. And now you feel genuine fear. There seems to be some kind of control in being able to see what's happening to you, even if you're powerless to stop it. Now you've lost that last rope to hang on to.

You hear me get up, and I rattle your chain as I pass. I'm fumbling with something on the table, then the matches rustle in their box. You feel me take a seat behind you. Without warning I grab a handful of your beard and pull your jaw open. I keep my hold while I place one of my old, juicy cigar butts from the ashtray in your mouth, then I close your jaw so that your teeth grip it where mine once did. You moan a bit from the tremendous feeling this act gives you. It's almost comforting enough to make you forget the fear the blindfold brings. A match is struck, and you suck hard, reflexively, on the cigar before I bring the match near it. I smile, unseen, reminding myself of your helplessness. You taste tar, but it's wonderful because it was once mine. I stroke your head and tell you to slow down—that two-and-a-half inches of butt has to last you a while. "But DON'T let my cigar go out, boy."

Then you can tell I'm moving back in front of you, settling myself on the floor between you and the table. I am cooing to you, telling you soothingly that you're going to be fine, that it's gonna be tough, but that I know you can do it for me. You hear movement but you can't tell where or what. Then you feel your right nipple warming a bit, slowly. You feel the ash of my cigar brushing against your tit, flaking off, the heat of each ash flake just beginning to singe your flesh before cooling in the surrounding air.

You try very hard to hold still, but you can't help squirming a bit, not because you don't enjoy the pain, but because you're afraid that at some point you may not enjoy it, or that I'll leave you alone to suffer it, without my voice to assure, my hands to comfort, my cigar to soothe.

The heat at your nipple becomes increasingly intense as the actual burning core of my cigar moves closer to your flesh. The heat is accumulative. Your breathing has quickened considerably, your mouth sucks hypnotically on the second-hand cigar, beads of perspiration glisten on your forehead in the firelight. The cigar and the pain are making you light-headed. But the only sensation, the only thought in your mind is burned there, and that is that the red-hot tip of my cigar must, by now, be burning your skin, melting it, blackening it. The blinding pain you feel can indicate nothing else. Then just before you lose control of the scream that's been building in your gut for the last minute, the heat is gone. The pain is not, but it gradually lets up. Slowly, every muscle in your body relaxes, your breathing becomes more normal, and you sigh in thick, strong clouds of cigar smoke.

But before you finish sighing, your body convulses and you gasp, nearly inhaling the red-hot cigar butt. Without a sound I've taken the black candle and turned it parallel to your chest, about two inches above your nipple. You've reacted to the first drop of liquid heat as it seeps into your tender flesh, completely cutting off any cooling by the surrounding air that was taking place. The heightened sensitivity caused by the cigar has made the hot wax unbearable—you squeeze your eyes shut hard, your teeth close hard on your master's cigar, and you kick uncontrollably, grazing me with a knee in the process. I nearly drop the candle on your chest, but maintain control. It's partly my fault for not having bound your legs in the first place, but that's no excuse. Within seconds of your contacting me, I have switched the candle to my left hand. Then I slap you hard across the left side of your jaw. Then just as quickly I grip your stiff cock and balls tight and yank them out toward your feet, the pain making little variously colored dots of light appear inside your eyelids.

"Move like that again and I'll beat the shit out of you. Or I'll take my cigar, my attention, and my love and go find a man who's worthy of them all. Understand?"

"Yes sir, I'm sorry, sir," you answer around your cigar, near tears with the terror that thought brings you. After you've answered, I release my hold on your cock and balls, and you begin to relax somewhat again.

I remove the stiff but not yet cold puddle of wax from your sore tit, and there's some relief, but this only makes you wonder what torture your nipple will have to endure next. And you don't have long to wonder, within seconds I've attached an alligator clamp to the tender flesh, just a little tighter than is necessary, and you writhe in the agony you feel from your tortured tit.

But because it will take several minutes for real pain to manifest in that tit, I begin the same process on the other, with the knowledge of what is going to happen causing you a little less fear, but even more dread. I spend a few minutes heating the nipple with my cigar, covering it with ashy snow in the process. Every now and again I reach over to give the clamp a little extra punishing squeeze, your wincing in reaction unseen because of the blindfold (and irrelevant for the time being). When I can tell you're near the breaking point again, I put my cigar back in my mouth, and it reminds me of yours. You've had to maneuver your cigar to a tenuous hold between your front teeth, there's so little left of it. I rub your stomach soothingly and tell you what a good boy you are, how proud of you I am so far, and take the smoldering butt from your lips.

"Thank you, sir," is all you can manage, but it's enough.

"Would you like some water, boy, or a beer?"

"Yes sir, a beer would be great, if I could, sir. But I couldn't... I mean I wouldn't ask—"

"It's alright, boy, I offered, and you've earned it. I'll be right back." When I return with a beer for each of us, I bring the bottle to your lips and tip the beer down your throat while you gulp appreciatively. I set my bottle on the table for now, unopened. When your beer begins to run down your beard and neck and onto your chest, I upright the bottle and pull it away, lifting it up next to mine on the table.

"Thank you, sir, thank you." And as the second thank you comes out of your mouth, you feel the searing heat on your unclamped tit from the liquid heat I'm dripping over it. Even though you're beginning now to expect surprises, a yelp escapes. It doesn't stop the fiery seal I'm building on your nipple. To help you keep still, I straddle you, my ass on your upper thighs, while the fire burns above and on your chest. But the pain is becoming more than even my six-and-a-half feet and 240 pounds can restrain. My weight on you causes the cuffs of your wrists to pull harder, grinding into the skin and pulling on the joints of your arms. To relieve the pressure you raise your knees and try to scoot closer to the fireplace.

Without a second's difference in the rhythm of the candle's drip, I ask in a low growl, "What the fuck do you think you're doing?"

You panic inside as you realize that the obvious is bad enough: you've moved without permission. Twisting and squirming were OK, but you'd decided that the pain in your arms was too much to bear, and you tried to lessen that pain. But you know that's not all the reason for my anger. Your move communicates to me that, even if just for a split second, you've moved your personal comfort ahead of your master's. White fear overcomes you as you wonder if I'll connect these thoughts as you have, and dear God, what will it cause me to do to you?

Your question is answered immediately. "Don't need your master any more. I see."

The next series of movements takes place so quickly that you can only ascertain what is happening as it happens. You hear me walk toward the kitchen and return with something. You feel rope being wrapped tightly around your left ankle.

"I'm sorry, sir, really, it was a reflex, sir, please..."

I bend over and rap you hard across the jaw with the back of my hand. Then, with some restrained heat in my voice: "This is entirely unnecessary. Shut your fucking hole. All you've done is earned another beer and delayed the fucking I was about to give you."

What? Meanwhile I've threaded the rope through a hole near the end of a wooden stick about 4 feet long and $\frac{3}{4}$ " in diameter and knotted the loose end around your left ankle so that the stick dangles from your leg, next to it. You feel another section of rope tighten around your right ankle before it's joined to the stick's other end through a corresponding hole. As soon as the rope is knotted, I move behind you, hauling the stick and your legs over and behind your head. You grunt as I knot another piece of rope around the stick, then around the same screw hook that's holding your arms above you, hauling your ass about three feet off the floor. I adjust the rope so that your asshole points straight up into the air. And before you have time to anticipate it, and without a sound from me, I grab my unopened beer from the table, pop the cap off, and jam the neck of the bottle down your asshole, filling your guts with the icy cold liquid. Each new torture has brought you to the point where you felt you could bear no more. And for the most part, you've been able to withstand each act. But this. No lube, no chance to work your ass, just 12 ounces of ice gurgling into your bowels. You moan and mumble, throwing your head from side to side against your upper arms.

I stand by and watch, checking to see that the bottle empties, smacking your ass cheeks with my hand once or twice. My own cigar has burned to a pungent butt—I pitch it and take another from the box on the

table. You hear the cellophane and still have the presence of mind to realize I am going to light a long, fat, dark cigar, but you will not see it. You can only listen to me breathing the cigar to smoky life.

By the time it burns evenly your asshole has quit sucking the contents from the bottle, and I wrench it from the hole. I walk beyond the couch to your right and reach inside a small chest—you hear only muffled steps on the carpet. These are followed closely by your shriek as a hard but flexible leather paddle stings your ass cheeks. After that comparatively merciful single swing, a rain of blows follows on your thighs, cheeks, and as close to your wet, puckered hole as I can get. After thirty seconds of nearly continuous contact, the blows cease as quickly as they began, the only sound in the room your heaving and moaning. Your legs have begun to ache much sooner than your arms did; all four limbs feel as if they've been wrenched from their sockets. Your neck hurts from holding your head up, your guts churn with the slowly warming beer, the cuffs and rope cut into your wrists and ankles. And your nipples burn as if the fire were still there, the clamp on the left tit intensifying the feeling exponentially.

But the time for your test, and the basic change in your thought pattern, is now.

"How do you feel, boy?"

"I'm sorry, sir. Please, sir. I beg your forgiveness. I can't take much more. I beg you sir, please."

"You can't take much more what, boy?"

"The torture, the beating, sir."

"And who's responsible for that?"

"You are, sir."

"So, it's me that you don't wish to endure any longer. And that's what you were trying to say when you moved earlier. Is that right?"

"Well, yes sir. It's not that I don't want you... I'm... I'm just in over my head."

"Well, if you want my attention, why'd you fucking move, boy? You were trying to escape me and I have no choice but to help you."

"Please, sir, don't leave me, I beg you, please. I'll do anything. Let me suck your cock. I'm an excellent cocksucker, sir."

"Begging me to pleasure you will get you nowhere. You may beg for my kindness all you like."

And you do, pitifully pleading for my strength to help you through whatever I have in store for you. As your voice cracks and quickens, you hear me back at the table, and then over your ass. You feel something very slippery and not very large passing through your hole to join the beer. The object pauses at what seems to be mid-pass.

The candle is greased and burning. The flame stands at about two inches above your sucking hole. Grip it with your muscles or it will slide in, burning you on the way. Grip too tightly and you may squeeze the candle out onto the floor, eventually burning much more than your ass. Within minutes you should be somewhat drunk from the alcohol in your bloodstream, which will make the task slightly more difficult. You no longer need me to entertain you.

Your begging reaches an unpleasant speed and pitch, and I turn and leave the room. You hear a door close quietly. "I need you, sir, PLEASE, I need you. I am grateful for this test and the opportunity to prove myself to you, but I need your strength to help me endure. Please sir, I'm begging you, please."

A minute passes before you understand that my having left the room makes your pleading pointless. The first thing you notice once you stop talking is the slowly building heat around your asshole—you realize that the candle is sliding further in, the flame coming closer. You flex your ass muscles, pushing it out again, trying to feel when the candle has returned to its original position, which has been made more difficult by the numbing of your nerves with the beer.

You begin trying to rationally think through your options. If you push the candle all the way out, it will surely ignite the carpet under you. If you let it slide all the way in, the candle will be extinguished, but it may light any residual lube around your hole. And the flame will be put out by being surrounded by some of the most sensitive skin on your body. Or you may try and hold the candle stationary. The nerves all over your body are sending impulses to your brain, making it harder still to concentrate on the task at hand. And you also realize that the liquid wax will run down the side of the candle, stopping only at the first nearly horizontal surface it meets, the tender pink circle of your asshole. Just as this thought registers, the first rivulet of wax is hardening near the top of the candle as it touches your hole near the bottom. You reflexively squeeze your eyes shut tighter and moan as the fire seals itself into your skin.

But as it cools, you have another realization that brings tears of joy which soak into the blindfold: as more wax melts and runs down onto your asshole, the more fixed the candle will become. When enough wax cools joining your skin and the shaft of the candle, the candle will cease its sliding. You just must concentrate and hold it still for a few more minutes. You decide this must have been what I wanted you to figure out. Even so, you wish I were there to talk to you, stroke you, just there.

After a few minutes, having given the candle time to stabilize, I do return, and without a word I walk over and check your ass. I can see that you thought the situation through and made the right decision.

You know I'm there, but you're afraid to speak. I kneel next to your head, smiling. I take a long, hard pull from my cigar and push the smoke out and down over your face. You breathe deeply through your nose, exhilarated by the comforting smoke. I stroke your face with my fingers, as they pass over your lips, you kiss them lightly and I pause, allowing you to suck my index finger into your mouth. This, too, seems to comfort, and you've earned a little comfort. This reminds me that the candle still burns above your asshole. I slowly remove my finger, stand and cross over to your ass suspended by your legs, and blow out the candle, splattering a drop or two of liquid wax over your cheeks and lower back. Quickly but smoothly I pull the stick from its hold, pulling out a fair amount of the hair that was around your ass, now threaded throughout the hardened wax. You grit your teeth, but you're beyond anything more demonstrative. You're simply exhausted.

But I am not.

Once the candle is taken care of, I move to the hook in the mantelpiece and slide the knot of rope from the hook, then slide the length of chain attached to the handcuffs off. For a second you think that you're being released, that the test is over. Your arms drop like so much lead on top of your chest. But I've never let go of the rope that suspends your legs, and you feel them rising again so that the rope may be attached again. This time though, your ass rests about a foot lower in the air, the pressure moving from your neck and shoulders to your upper back. I bend down and release your wrists from the cuffs, massaging them and your hands to circulate the blood. You are all relief and thank you's, though you're not sure why I haven't lowered your legs. Once I've finished changing the color of your hands from bluish to pink, I even remove the tit clamp from your red and puffy right nipple, which causes infinitely more pain than anything else you've endured yet, but you run the loop through your brain that reminds you that it will eventually feel better.

I speak for the first time since re-entering the room. "How do you feel, boy?"

"Thank you, sir, thank you for coming back... Thank you, sir..."

"That doesn't answer my question, boy."

"Sir, that's really how I feel. It's all I feel. Thank you, sir."

"I understand. But you're pretty relieved to have made it through all this."

"Yes sir, very much sir."

"You should be proud of yourself for what you were able to take."

"Yes, sir. I don't think I could have taken much more."

"I'll let you know when you can't take any more, boy."

As your "yes, sir" escapes into the air, my cock slides all the way into your tortured ass, to its base. There was no way you could have anticipated it, and you clench your teeth and groan from way down inside yourself. Your ass muscles squeeze tighter on me, pushing a warm beer and shit ooze down the crack of your ass onto your back, and on me. I pound your ass with quick, hard thrusts, holding on to your hips to steady me. My cigar burns hot in my jaw, and I'm pounding into you so hard that I knock ash onto your chest. The ash burns a small section of your stomach for a second before being knocked to another section by my thrusting, leaving red patches scattered about your front. The shitty soup that churns in your belly continues to flow from your asshole around my cock, and the churning in my balls tells me that I'm about to erupt into you with a force I've rarely felt. I wipe some of the slime from your back with my hand and begin jacking the head of your cock to the rhythm of my thrusts. In no time your ass grips me even tighter as cum spurts from the head of your dick past your head and into the fireplace. And the tightening inside of you sends the cum from my balls thundering out the engorged head of my cock buried deep in your gut. Both our voices shudder in wordless rumbles, too low to be called a groan, as we allow the interval between muscle spasms to lengthen.

Once my body has quieted, I reach to the ledge of the mantelpiece and grasp a serrated knife. I run it along the rope between the stick that separates your legs and the hook until the rope unravels and snaps and your ass drops with a thud to the floor. You have been exhausted almost beyond thought at this point. You feel as though the sweat over every square inch of you must be leached. You wonder even without the blindfold if you'd be able to see, as overloaded as the rest of your senses have been. I sit on your chest so that you may suck your spit from my limp cock and balls. As you lick me clean, I send clouds of thick smoke from my cigar into your face, comforting you. Your mouth fills with warm liquid as I let a load of piss go. You swallow without thinking, without missing a beat (or a drop). The blindfold gets damper again.

"You did good, boy. You've made me proud." I push myself up with my legs. Your arms and hands are much too weak to accomplish much, so I pull you forward by the back of the neck and put a cushion from the couch behind you. You feel the blood being massaged back into your feet and legs. Then you hear cellophane crinkling. I pull your jaw open and place one of my fresh cigars between your teeth. As soon as you hear the match struck you begin sucking hard, slowly and steadily. I keep the match there until the entire perimeter glows each time you pull. You know what a special gift that fresh cigar is. That realization and how much the act means to you is in a way even more frightening than being restrained, or blindfolded, or even burned. And so is how much I know about the most remote parts of you, and how deeply we've become interlocked.

"You did real good."

RED DOG SALOON

A Bunch of the Boys were Smoking it up:

The night began like any other. Jed came in tired from manhandling his rig loaded with logs over the rough mountain trails, trucking timber from the cutting fields down to the sawmill. He ordered a beer and lit up a big stogie. Tony loved the smell of the smoke almost as much as the smells of the men who smoked them. Jed offered him a draw on the thick black tube of tobacco and was about to suggest the hunky little bartender suck on another fat tube, when Bob came in from his job at the saw mill.

Soon the Red Dog was at full howl, truck drivers, mill workers, and even a few of the lumberjacks were there filling the air with a blue haze of cigar smoke mingling with the aromas of sloshed beer and men ripe from a hard day's work. Tony was as horny as hell, lusting after these big burly bears.

He knew that most of them had wives and kids, but he also knew that they were not adverse to a little male-male action either. There was a big couch in the back room and its springs had been frequently worked out by pounding heaving male bodies. He had pulled down Jeb's jeans on a couple of occasions and sucked that fat uncut cock and mouthed those huge sweaty balls. Bob's long thin cock wasn't nearly as satisfying in the mouth, but it had felt great up his ass.

Tex had been the most recent one he'd made it with. He didn't know the stud's real name but all the guys called him Tex because he always wore western style boots and hat. Tony also knew that he really knew how to RIDE! His ass had a real workout that day, but the best part came afterwards. Tex laid out next to him on that big couch and, with his left arm he trapped Tony's hands beneath them. He wrapped Tony's legs with his own hairy stems and held the young stud spread and immobile. Then with his one free arm Tex puffed away at his cigar and blew the smoke all over Tony's naked body. Tony's cock got rock hard then even harder as Tex lowered the glowing cigar tip to a tender, nearly hairless nipple. Tony felt the heat as Tex moved the magic wand over his body from collar bone to crotch, keeping it just far enough away. A fraction of an inch closer and it would burn. He singed the hairs on Tony's balls and the aroma of burning hair, added to the rich odor of tobacco and the ripe smell of Tex himself, set Tony off. His cock began to throb. And as it moved wildly of its own accord it collided for a fraction of an instant with the glowing cigar tip. Exciting heat for an instant became sharp pain on the underside of his cockhead. He hollered and shot his load as Tex laughed and promised that now that he knew what Tony really liked, he'd write his name across his chest with the cigar the next time they fucked.

Busted:

Tony was roused from his daydreams by cries for more beer. He handled the orders, slopping foaming suds on the bar along with the cigar ashes, when he noticed two dark forms back in the shadowed hallway by the head. When in hell had they come in? He must have been lost in his remembrances. He rubbed his hard cock against the backside of the bar; the blister he'd gotten from the cigar was gone but the spot still seemed more sensitive. The two cops were the only ones of the regulars that he still hadn't made it with. Although Ed was a motorcycle patrolman for the Sheriff's department and Jack a Corrections Officer at the County Jail the two always came in

together. Tony suspected that their relationship was something more than professional.

Tony was feeling happy and cocky when Ed came up and as he lit the cop's cigar he suggested Ed replace the thick cylinder of tobacco with his own fat Italian sausage. Ed exploded in rage, grabbed Tony's collar in both hands and pulled him halfway across the bar, leaving his feet dangling in air. With his cigar an inch from Tony's face he called the cocky bartender a few choice names and backhanded him across the cheek with his black leather glove.

Jack came to assist and they each took an arm dangling the short dago stud half across the bar as they delivered a verbal tirade against uppity cocksuckers. They offered to take him over to the county lockup where he'd get plenty of action from the other inmates. But first they decided on an inspection. They stretched him out on the bar and ripped open his shirt. Ed loosened Tony's belt and pulled down his pants. The flipped him over and Jack shoved his face down into an overflowing tray of butts and ashes. Ed admired the small, neatly formed ass and kneaded the mounds with his black gloved hands.

Begging:

Tony apologized again and again for his cocky rudeness and asked the officers not to arrest him. He offered anything they wanted in exchange. Anything, he emphasized, pushing his butt up against Ed's kneading hand. Jack shoved a dead cigar butt into his mouth to stifle the talk but the two cops decided to take their pleasure there before the excited and most enthusiastic audience.

They pulled Tony on over the bar and pushed him down onto his knees where he began to give Jack's boots a tongue bath. Harley came up from the crown, his huge cock already out of his levis and hard with anticipation. Tony had been eyeing the long bump in the leatherman's pants for weeks and eagerly switched his tongue work from Jack's boots to Harley's aromatic flesh. But more was wanted and his head was forced down over the rod as it

RED DOG SALOON

penetrated deeper and deeper into his throat. Ed slapped a pair of handcuffs onto Tony, holding his hands behind him so he could not pull away, not that he wanted to!

Jack was getting jealous of the attention Harley was getting and pulled his prisoner's head out of the leatherman's crotch and up into his own. Harley jumped up onto the bar beside Jack, his own hard rod still waving in the smoke-filled air, while Ed lifted Tony's rear, not disturbing the work the bartender was doing on Jack's cock and got his own hot rod into gear with Tony's ass.

They pumped at him from both ends while the cigar-smoking hunks around them jerked at their own hard cocks and urged them on.

Sideshow:

Tony's talented mouth moved up and down Jack's rod making him feel better and better. It was great, he clamped the cigar between his teeth and filled his lungs with the blue smoke. Then he spewed it out at his buddy facing him across the length of the cocksucker's body. At the other end, where Ed was plunging his own rod in and out of the tight asshole, Ed sucked in his buddy's smoke and taking a huge drag on his own cigar, blew a cloud of blue smoke back.

Jack was so overcome with the sensations in his groin and in his head that he forgot a bit where he was. Harley's huge tool was waving only inches away and the cigar in Jack's mouth didn't taste quite so good. Instead he wanted that cock, hard, throbbing, dripping precum, only inches away. Without disturbing Tony's head in his lap he leaned over and took the kneeling leatherman's rod, savoring its taste, its smell. He didn't often allow others to see him sucking cock, but tonight was special!

RED DOG SALOON

The sight of Harley's huge rod disappearing into his buddy's mouth was too much for Ed. He couldn't hold off any longer, he shot his load into Tony's ass at nearly the same time Jack filled his mouth. Harley took a little longer, but not much and what Jack lost was soon replaced.

Free For All:

The Red Dog boys cheered and applauded with each ejaculation. And the cops gave the audience a further treat by hoisting Tony up and propping him against the bar. With his shirt hanging open and his pants around his ankles most of his body was on display for the boys. To give them some action to watch Ed screwed on a pair of clamps on Tony's tender tits and Jack mauled his balls, making him moan and scream in a combination of pleasure and pain.

Then they laid him out across a few bar stools, ass end up, and invited the boys to join in. Gloved fingers and hard cocks filled Tony's mouth and cigars, cocks and nightsticks probed his ass. Tex singed the fine hairs off his butt with a glowing cigar and toyed with the idea of burning him, but decided to save that for a later, and private, pleasure.

When they had their fill, when they were empty and tired, they let the bartender up and let him get his clothes back together. But before they let him go they dragged him to the infamous couch and circled around him, each placing a booted foot in his lap as he was made to lick each one in turn. For a reward they gave him a big black cigar and a promise. If he stayed at the Red Dog, what happened tonight *would* happen again. Tony vowed that he would not be leaving!

RED DOG SALOON

Some of the Red Dog Saloon photos by Jim Wigler first appeared in *Drummer* #74. There were so many great ones that had not been published that Fledermaus scheduled more of the shoot for this cigar issue. And still there are so many great photos from this shoot that we decided to make them available as sets of black and white 5X7 prints that you can study at your leisure.

Each of the following five sets includes eight photos, most of which have not been published. Sets are \$10 each or \$45 for all five (a total of 40 different photos). See page 42 for information on how to order these photos or contact Desmodus, Inc. at (415) 978-5377.

Alex

North felt wounded. Tamara Jones had just called him a bitch, his right foot was asleep, and high tides of pain were coursing up his leg. Alex sighed, shifted his weight, and flapped the heavily embroidered end of his kimono against the floor. He watched a tiny dust ball shoot across the cold linoleum tile. It was going to be a long evening. Alex suddenly didn't know why he had come out, particularly on such a fogbound night. As usual, he felt pulled in opposite directions, a familiar strain made all the more urgent tonight by the two invitations burning guilty holes in his pants pockets—in opposite pockets, of course. The first letter he had replied to quickly, perhaps too quickly, he now thought; the second had arrived a day later, for the same evening, and had caused him nothing but shameful thoughts since its delivery. He felt so divided sitting there in his cheap oriental robe and purple scarf with glittering threads—a man cleft in half. But then this feeling was nothing new for Alex; he had known it all his life.

Maybe Tamara had been right. This sense of deep inner division often appeared as a superior air to others. He had perceived himself separate from others always, as if some invisible shell enveloped him, wrapping him in an impenetrable wall of painful distance. Yes, people liked him, but their affection seemed formal, as if Alex had willed their respect through a steely act of personality. He suddenly felt very tired at the thought of 28 years of command performances. He looked around the room; if he couldn't be accepted here, just for being himself, then he really didn't know where else to go.

The room was actually a storefront loft on Valencia Street. At one time it had been one of San Francisco's

better known Indian grocery stores, and the pungent smell of cumin and rancid cooking oil lingered. The space was an artists' co-op now lived in by a small group of gay men who identified themselves as "radical faeries." Alex had gone to one of their gatherings last fall, held on a remote Sonoma ranch with about 200 men from all over California attending. It was an event he had keenly anticipated. Alex had heard much about the faeries and their gatherings over the years, but as he closed his eyes now, all he could recollect from those four days was hours of bitter cold fog and camping out in acres of cow pastures dotted everywhere with drying lumps of shit. Alex imagined that he had gone in search of ecstasy, but had only come home with a cold.

Some months had passed since that dank, autumnal convention, and whatever measure of joy he had gleaned from the experience had all too rapidly faded. Several members of the co-op had taken pictures at the gathering, and tonight, by draping their loft with bright bolts of fabric and infusing it with candle light, incense, and images, projected on various surfaces, an attempt was being made to recapture some of the event's ebbing glamour. About 20 men sat on a motley collection of cushions on the floor, each decked out in his finest faerie drag, and passed joints and jugs of wine while viewing the images with hisses and loud cackles of recognition. Still, try as he did, Alex could not bring himself up to the festive mood. Tamara had told him to lighten up and stop being such a "moody faggot." Alex had told him to shut up and mind his own business. And then Alex was accused of being a bitch. No one could cut deeper than a queen, thought Alex, feeling very sorry for

himself and hurt.

He looked around the room, hoping for comfort, and tried to penetrate the faces he saw illuminated in the shifting, mysterious light. Wonderful, gentle faces, young and old, but punctuated every now and then by the set determination of a brittle, feminine mask. Who were these men? The ones so quick to condemn and gossip and judge? They used their femininity as the cutting sword of their survival, but their play of forced brotherhood tonight left him strangely cold and with an odd feeling of being left out of some fabulous, shared secret. Alex suddenly realized he wanted out of the room. His fingers dug deep into his left pocket and rubbed against the worn envelope of the second invitation; it had been his magic talisman for weeks.

More than anything else, Alex North wanted to be a man, but somehow, somehow, no one—not one person—had told him what that might be or how to achieve it. Oh, he remembered his father once taking him out pigeon-hunting in the woods. Dad aiming and shooting, little Alex scrambling through the underbrush to retrieve the bloody, still twitching birds—hurriedly stuffing their corpses in a grimy canvas sack, horrified, but not wanting to disappoint, desperate really, to keep up his end of the bargain. But the trade-off of sensibility never worked, and years later Alex was left in awful need. In college one semester he had read about the male initiation rites of certain aboriginal tribes; young boys, the same age as Alex-the-bird-gatherer, were put through extraordinary rituals involving great tests of pain and endurance. Something in them had to die through trial by fire before new, and more hearty, life could find root. Alex had often imagined himself alone and naked in the forest, sharpened stick in hand, pursuing the shadow of a bigger man—the bigger man he would soon grow up to be. Instead, Alex had been left with a smelly sack of dead pigeons, no trial at all, and certainly no vision of a bigger man.

He took the second invitation out of his pocket and studied it once again in the grainy light: "Animals Initiation Night," it read. "Invitation Only. Doors Closed at Midnight."

There was an address and a crude little illustration at the bottom of the card that appeared to be a half-man, half-bull kind of creature. Alex had never received such an invitation in all of his life, and since the day of its arrival in his mailbox it had possessed him completely. He took a hurried glance at his watch—it read 11:15—and then took an even more hurried look around the room. By now the space was thick with smoke, and men everywhere were draped as lazily as supine as cats. He carefully stood up, gathered the folds of his kimono in one hand, and stepped through the loft's plate-glass door.

The frigid February air shocked him awake as he strode down the street to his VW Bug. Withstanding the chill, he opened the front hood, stripped off his robe and the light cotton shirt underneath, and then, with a sudden look in both directions, did the same with his black Tai-Chi shoes and baggy pants. Because he had parked on a darkly lit side-street, Alex felt relatively safe standing there shivering in nothing but his socks and briefs, and with a sudden impulsive gesture he quickly shed these too. Reaching deep into a plastic duffel, he took out a pair of black-dyed Levis and matching tee-shirt and slipped into them. Slamming the hood shut, he quickly got back into the car and pulled from under the seat a pair of beaten-up black leather boots he'd found at a garage sale some months ago. He tugged them on, and with an anxious shake started the car and backed down the alley. Alex knew where he belonged, where he needed to go.

He drove down Folsom Street in darkness. A lust, familiar and without name, sent him after the red trail of lights stretching to the bay. The street began in the outer city, amid the pastel, stucco houses of the working class, cut through the heart of the Latino barrio, and ended among the weedy lots of San Francisco's once thriving waterfront. It was this final section of the street that fascinated Alex the most—as it had the erotic imagination of a generation of men. As Alex continued his cruise down the last 20 blocks he passed beneath the steel pilings of the city's major

overhead expressway. It was a ceremonial gate of sorts, and suddenly Alex realized that old frames of reference and personal limit were best deposited on its other side.

Then, like bright pins on a map came the saloons: the Stud, all redwood and recollections of the '60s, but still the liveliest; Febe's, the oldest, conjuring up multiple icons of Brandos on bikes; the Brig, like a black sun. Then past the site of the old Barracks, now a pit filled with ash, redevelopers hovering on its brink. The Ramrod. The Stables. The South of the Slot Hotel, where no questions are asked. The walls there were so coated with grease, Alex had heard it told, that the place would burn for days if it ever caught fire; a votive candle on a reliquary of released desire. It was an all-night oasis for many, including a famous French philosopher who seldom missed a visit when in town, the corps de ballet of a national dance troupe, and Jungians by the score.

Then past men passed out in doorways of Deco warehouses, past newer facades of prefab concrete and mirrored glass, and, finally, to the foot of a granite cliff, bedrock at water's edge. Alex stopped the car, turned and looked up in wonder at the cables of the Bay Bridge gleaming silver in the moonlight. He realized that he had driven past his destination by many blocks, felt lost, yet somehow content among the rawness of the surrounding urban scape. This was the city's backyard. It was also where some men came to mix spit, shit, and urine with earthiness. Alex could feel his heart beating, and with a sudden jerk pulled the car back onto the street, holding the paper with the address in one hand, steering with the other. His watch said it was ten before the hour; just barely enough time to step through the door of Animals.

Alex nervously paced the cracked, stained pavement in front of the number that was printed on the invitation. There he stood on Sixth Street, South of market, arguably the city's worst neighborhood, looking at nothing but a blank wall inset with a grimy alcove, a door set within it, and on the door a button and a sign that read, "Do not knock or ring this bell

unless you have been issued an invitation to do so." He looked at his watch; it was midnight exact. Alex rang the bell. The door opened with a gnarly buzz, and Alex stepped up and through the small opening. He found himself in some kind of lobby; a battered leather couch lay propped against one wall, and a string of ragged cardboard letters hung above, spelling out "H-A-P-P-Y N-E-W Y-E-A-R 1-9-8-2." There was a tiny glass window on the far wall and he could just make out the shadowy contours of a man moving behind it.

His actions during the next hour really made no sense at all to Alex. He signed a card, was given a key on a string, was admitted into a large, tall room filled with overstuffed pieces of furniture (the type his grandmother once had), and climbed three flights of narrow stairs—all to the sounds of loud, spacey music. Even though he was going up, Alex had the strange feeling that he was really descending into a dark and unfathomable well. It frightened him a bit. There was no one else there. Finally, he reached the top floor and groped down a dark hallway trying to match keys to the numbers stenciled on a long row of doors. Alex started to panic, calmed himself, and suddenly stumbled through the right door and into a spacious, drafty room. It took him a while to adjust to the dim light, but then Alex realized he could see perfectly. It was just at first he had failed to notice that everything in the building had been painted black: walls, floors, stairs, the crudely made four-poster bed he was now staring at—everything was absolutely the darkest shade of black, illuminated only by the eerie glow of distant red lights. Where was he? Alex asked himself.

The young man slowly sat down on the edge of the bed, kicked off his boots, and lay back on the thin, oily sheets. He shut his eyes and quickly lost all sense of time in the twilight gloom. The swirling, hypnotic beat of the music seemed to penetrate through every crack of the structure and gradually the dark enveloped him with a soothing comfort. Alex soon noticed how warm the room was getting and deftly removed the rest of his clothes. He lay there in darkness, music and warm air; his

solitude disturbed by the occasional passing of a back-lit form in front of the open door, or the echo of heavy boots on the bare wood floor. He must have been dozing when he was startled awake by the sensation of a gloved hand running down his back and thighs. A familiar voice quietly said "Alex?" He recognized the softly accented tone; it was Fernan, a friend of a friend who had escaped the junta in Chile in the mid-1970s, and had managed to find a place for himself in the radical sexual underground of San Francisco. Alex had last seen Fernan at a big dinner party a year ago, where the host, a gay Republican, had tried, crudely, to defend US policy in Latin America. Fernan said that he had come to know a thing or two about fascism, particularly in the playrooms of many at the table tonight, and stormed out of the house. That was the last Alex had seen of Fernan, until now.

"So, you've come here to be with us, like us, to be one of the animals?" Fernan quietly asked. "Good, Alex," he continued, smiling and rubbing the small of the young man's back. "But do you really know why you're here?"

Alex silently struggled with Fernan's last question. He didn't know, *really*. The unexpected invitation, the ride here, and now this welcoming stranger. There was a feeling buried deep within him that could somehow link all these things together and explain them—if only he could find the right words. "I . . . I don't know," he finally replied. "I think I'm looking for something I need, but I don't know what it is."

Fernan contemplated Alex's words for a few moments, and then responded. "Sometimes we must sacrifice ourselves to something beyond . . . what we know . . . in order to find what we need. Sacrifice is very important. Parts of us must die so that we may continue to live."

Alex remained lying face down on the foam mattress, quietly responding to Fernan's gentle touch. He trusted Fernan and realized that a deep connection had been made at the time of their very first meeting. They were both outsiders; yet an awkward sense of loss and displacement had bonded them at gut level, a secret language had been ex-

changed through barely concealed smiles. There was a potential for joy here, and Alex wanted it very much. Lying naked on the sheet, Alex felt vulnerable but safe. And Fernan, sitting there by his side dressed from head to toe in gleaming black leather, seemed vulnerable too. They remained together like that for some time; white flesh and black flesh, sharing breath.

Finally Fernan said, "Come with me." Alex stood up and met his friend's gaze. He felt no shame, only quiet approval, and with the slightest nod followed Fernan out the door and down the dark hall. He felt bathed by the ebb of music, the red lights, and the looks of the other men passing by, yet remained serene in his nakedness—one foot stepping after the other to the rhythm of his breathing. There was no fear here. How odd for him to feel no fear, here, at last. Calmly, he followed Fernan to the end of the hall, and then down a long flight of stairs to a landing. Alex's guide paused for a moment, turned and put a gloved hand on his shoulder while studying his face, then turned again and went down to the next flight of wooden stairs. Alex followed as they continued their descent, spiraling down one flight after another, past the entrance level floor and still further down—down into the ground. Alex could sense dark wooden surfaces giving way to cool concrete beneath his feet, and the musty odors of dirt filled his nostrils. They continued their descent still further until they reached the end, until there was no place left to go but where they were. This was the place, Alex knew, the place he had always wanted to go, the one place where there was no other place to be but there.

They were deep underground, under the old hotel, far from the heat and the music, underneath the old city itself. Alex stood with Fernan at the end of a long burrowed passage facing a crumbling wall of cement and dirt. To their right were stone steps leading back up to the main floor of the building; a circle made complete except for the fact that the door at the top of the stairs had been nailed shut.

Both men took a moment now and stood looking at the other. Alex

was aware of the heavy scented air, and the two of them standing there breathing it in together. They remained at peace, as if in a spell, and finally Fernan broke the silence. "Lie down," he said, motioning toward the stairs. Alex turned and faced the 28 stone steps that led up to the immovable door. He wondered briefly what lay on its other side, and the image of more darkness and heavy air flashed in his mind. There was no space beyond, no space different from the space he occupied now. He stood at a dead-end, looking at a wall. What he wanted was a reflection of himself. And with this new thought in mind he carefully knelt, and laid his body against the cold stones of the step. Alex stretched his body upward on the steep incline. He could feel sensation in his fingers and toes and then, with a deep sigh, released the rest of his body onto the rock beneath him.

Fernan remained motionless for a minute or two, and then reached for the thick strand of braided leather cords dangling from his waist. Swinging it in the air, he let it fall on Alex lightly, then pulled it away as gracefully as a sea bird swooping up from shore. Without breaking his rhythm, Fernan brought the flail down again, letting loose the whisper of a cry from Alex. With slow, round motions Fernan stroked the body of the young man offered before him on the altar of stone and dank soil. Gently at first, and then with increasing intensity, the two men did their dance; breathing with the steady beat, connecting through time and space, invisible currents bonding delicate roots of need and fulfillment. Alex wondered if he could ever survive the pain, and for a moment or two came close to screaming out *Stop!* But he returned to breath, the powerful lesson of breath, and glided from one wave of sensation to another; quieting his mind, letting the fire burn deeper. He was the fire, but he was liquid too, and he let his body dissolve into the stone along with his fear and resistance. He and the stone and the air and the fire of the whip had become one.

Hours had passed before Alex regained some sense of time and place. He was lying on the bed again, and as he opened his eyes he

remembered having said goodbye to Fernan earlier. It was dawn now, he could tell that by the thin blades of light streaking through cracks in the blacked-out windows. His friend had gone off to meet another day, leaving Alex with the shards of a night not quite over. He noticed the music again, never changing in its monotonous thump. Time was absent from this place, and as he lay still Alex felt as if he were being released from gravity too. Something inside him seemed to come loose, as if an enormous burden was letting go, releasing itself.

He felt a rushing sensation, like he was being swiftly carried up from Sixth Street into the air and high above the glittering city. Alex didn't know if he was dreaming or if he really was flying through the air, but somehow he could see his body passing over water. He went over the water and sped toward the granite cliffs of the headlands that thrust up on the distant end of the bay, and then plunged into the thick woods that lay beyond them. Alex went into the woods and sank deep into the life there. Among the sheltering trees and rich humus, he lived. The body of the land was his body, and the further he walked into the woods the more peace he felt well up within himself. Something new and tangible was alive in him now, a spirit he had never known before. He felt so connected to this place, felt so very alive here, and Alex knew he would never leave it again. This was the place of animals and their power—and of Alex's power too.

He continued his walk through the woods. The morning light was rising and soon he came to a clearing, which opened around a slight hill. He sat on the wet grass, and then fell back on it with hands above his head, letting the moisture penetrate and refresh his body. Alex looked up and stared into the pale light, shut his eyes, opened them again, and in the next moment found himself stretched out on the roof of the old hotel. His vision quest was over.

Alex sat there naked, sensing the pulse of the waking city, meditating on the view for the longest time. Then he returned down the stairs to collect his things and soon to home and sleep. □

YOU GO TOGETHER, OR YOU DON'T GO AT ALL, Part II

Last month, I wrote about developing communication skills in relationships that can help you have better scenes, and I focused on those skills that are useful before the next scene happens with your partner. This time, I want to talk about some communication skills that may help save or extend your life.

Already, I know that I run the risk of pissing off a whole bunch of people who will yell that I have no right to tell them how to communicate when they play, and they are right—I don't! I have said elsewhere that there are many right ways to do S&M, and I still stand by that. But also true is the fact that there are many wrong ways to do S&M, and one of them includes unwillingness or inability to "take care of business" before the scene happens.

For the first scene between strangers, there are in my opinion some essential types of information that must be exchanged if the scene is to have a better chance of being a special experience for both players. Guys looking for relationships with SM partners will often want to repeat scenes when they have gone well.

At the top of this list of essential communications is agreement about safer sex practices if any sort of penetration or other juicy (wet) activities is even a remote possibility or wish for either partner.

I believe it is unwise to deal with this issue "as the scene progresses," because once things get moving, passions (as well as drugs and alcohol) can and do cloud judgement for both Tops and bottoms. Also, experienced Tops know how unsettling it is to be in the middle of something and have to deal with an interruption from a bottom who is scared about catching "it" from something *He* is about to do.

So, I suggest that you have what should be an on-going dialogue before you start to play unless you are willing to risk your life on your ability to handle these issues when you are horny and maybe also (let's be real) stoned.

This goes for everyone.

Those who play in Podunk and think they are exempt from this issue are not thinking with their brains, but with their dicks, which have one track minds. Strangers who tell you they are "Negative" may be lying, and it is dangerous to assess a man's credibility when you are

horny and about to play.

Unfortunately, many of you avoid this subject because you have not yet learned how to bring it up—thinking about safer sex conversation just before a scene makes many men nervous, so the unfortunate tendency is to deal with issues as you go along. If at all.

Some men only barely mention it and secretly hope that the subject changes soon. Bottoms worry that bringing the subject up is somehow "un-bottom-like," and that doing so might turn Him off. That won't do anymore.

Since most S&M men are already used to negotiating their sex play anyway, safer sex just becomes one more thing to be talked about before the decision to play is made. Remember this fact to help calm your nerves about these conversations.

Here are a few ideas about how to manage this matter. As you read them, remember that it is useless to memorize my words; they are mine—not yours. Yours will be better. It will help more if you remember the gist of the attitude or the tone the words carry.

A bottom might say:

"I know that I will be easier to play with after we have agreed about safer sex things," or maybe,

"I will be too scared to play until you have made some promises about not swapping fluids," or

"It will help me to be with you more comfortably when I have heard your thoughts about AIDS safety," or

"What are your rules about sex between us?" or

"Can we do S&M without having any actual sex?" or

"I want to play, but there are only certain ways it will be O.K. for us to have actual sex together. I need to talk about them first."

"I hope to serve you well without risking my health, Sir."

"I can play harder and heavier if I don't have to worry all the time about watching you to see if you are about to do something with me that is unhealthy—I guess we should talk more first."

"I can't deal with a hood if I am scared that you might do anything unhealthy with me."

"I know that you are a very experienced player, and I hope you won't be insulted by my asking, but what about

some conversation first about healthy ways to do this."

"Aside from the standard safe sex rules, what else are you into these days, Mister?" (My thanks to A.K. for this one.)

A Top might say:

"We're going to play, but we're not going to do anything that might endanger *either's* health," or,

"I expect you to take some risks, but not to risk your life or mine."

"I do like to fuck, but only with a rubber, and I always pull out before I cum."

"Since you haven't mentioned it yet, I will. I don't swap fluids nohow, so if that's what you might be hoping for, Forget it."

"You are not to get near my cock unless I say so, Got it?"

"You can be damn sure that if my cock touches you that it will be in the grip of rubber first."

"You will now slowly and carefully outline for me your notions of what is and is not sexually safe, and what you are scared about around exposure to the viruses we are all concerned about."

My point here is that there are lots of ways to initiate such a conversation. Anyone who is unwilling or unable to tolerate such talk can not be presumed to be Safe, Sane and Consensual.

Realize that before you can be a full participant in such a conversation, that you, yourself must get familiar with the current thinking about what is and is not safe to do. Unfortunately, there is some middle ground about the subject of safety, especially around oral sex, so familiarity with the issues is even more important.

Everyone must determine what activities they are and are not willing to enjoy to protect their health and the health of their partners. If you are relationship oriented, then part of your task will be to identify those men who share your views about safer sex. Staying alive and healthy is a fine basis on which to found a new relationship.

Next month, I want to continue with communications during the scene itself since that's where the magic is when it works out. Play well.

BEIRUT,

PART TWO

Story by Aaron Travis

Illustration by Olaf

Beirut, Lebanon/1983

"No—please—"

David's voice is small and hoarse, hardly more than a whisper. He stands in the center of the dingy little office. Head lowered, hands tied behind his back, shivering. Nude, except for the tiny pouch that holds his genitals. His body glistens with a thin sheen of nervous sweat. He stares down through half-shut eyes at the shiny black shoes of the stranger who stands before him.

Vince stands behind him, one hand on David's shoulder, the other holding the chain attached to the collar around David's throat. "Go ahead, Davy boy." Vince's breath is warm in his ear. "Show the man what you're good for."

He gives David's shoulder a hard squeeze, then brushes his fingers down the boy's back tracing the silky cleavage of his spine. Skin like pale satin, slick and shiny with sweat. He opens his big meaty hand and cups it around one of David's naked buns. The taut, smooth skin turns to gooseflesh as he fondles it. Vince spreads his fingers and grabs a fistful of ass. Squeezes hard. The soft white flesh plumps up red in the gaps between his fingers. David responds with a whimper.

The squeeze relaxes. The fingertips brush delicately over the mottled skin, then tighten into a sharp sudden pinch that makes the boy jiggle. Vince smiles. He weighs the taut, springy flesh in his palm again, gives it a hard slap, then slides the edge of his hand into the slick, sweaty cleavage and strokes the hole with his middle finger.

David's mouth opens in a ragged gasp. His face and chest and the milky flesh between his thighs blush bright red as he breaks out in a fresh sweat. Vince has never used him in front of another man.

David shuts his eyes tight. *"Please—no—not here—not like this..."* His hole begins to quiver. He tries to will it shut, but the conditioning runs too deep. The tender, moist ring of flesh oozes open, pushing inside out, grasping like a sucking mouth until it has swallowed Vince's finger to the second knuckle.

Vince twists the boy's hair into a knot, forcing him to lift his face. For an instant David glimpses the stranger. Not an Arab, as he had expected. Dark, Italian, middle-aged. Broad-shouldered and soft around the middle, like an older, heavier version of Vince. Tall and burly, dressed like Vince in a black suit and tie. The man's features are large and blunt, brutally handsome. A neatly trimmed mustache bristles above his broad upper lip. He leans against a desk cluttered with photographs. One hand holds a cigarette. The other hovers near his crotch. The big man leers at him, curling his upper lip in a thin, crooked smile.

Vince yanks hard at the fistful of hair, pulling back until the boy's chin juts toward the ceiling. The stranger drops from view. David stares upward at the network of grimy black pipes that crisscross the ceiling above. Suddenly Vince slides his middle finger all the way home, screwing and jabbing until the boy is forced squealing to his toes. The ceiling goes blurry. Tears run down the sides of his face, gathering at his earlobes. They fall in a straight line onto the dimples above his ass. His hips break into an automatic grind, riding the finger thrust up his hole.

Vince croons in his ear. *"Yeah, that's more like it. Do your dance for the man, cuntboy. That's what we wanna see... Come on, throw your chest out. Show the man your titties."*

David squares his chest, clasping his bound hands together, knotting his shoulders, ramming his fists into the small of his back. Vince slips his finger from the hole with a liquid pop, then teases it, pinching and pulling and scraping his fingernail against the tender lining.

David strains backward with his hips, craving the finger. Chin up, shoulders back, torso stretched like a bow. The finger pokes playfully at his hole, then pulls out of reach. Vince chuckles in his ear. *"Yeah. Pussy-boy needs a finger up his hole, huh?"* Vince jerks hard at the fistful of hair.

"Yes!" David blushes pink from head to toe.

"Then reach for it. Give it a kiss."

David whines and spreads his legs, still on tiptoe, twisting his heels and thighs outward until his ass is wide open, his muscular buttocks flattened, his hole completely exposed. He strains, and the moist inner lining of his tube distends, pushing outward like a blossom, pink and slick like the inside of a mouth.

Vince gives the puckered lips a playful swat, hard and stinging. The hole contracts for an instant, then pushes out again. Vince gives the hole another hard slap, then slides four fingers inside. David goes rigid, snorting like a horse.

BEIRUT

"Well, Benny?" Vince cocks an eyebrow. "What do you think?"

The man takes a long drag on his cigarette. He wears a poker face, pretending to be unimpressed. The hard ridge down his pants leg tells another story. His hand inches a little closer to the bulge, fingers twitching.

He finishes his cigarette and flicks it to the floor. Grinds the butt into the concrete, then lights another. Taking his time, still wearing the poker face. He pushes himself off the desk and steps forward.

David jerks as he feels the man's touch on his face. The big calloused hand caresses his smooth beardless cheek. David tries to pull away, but the fingers up his ass hold him in place. The man cups his jaw, pushes his head even further back, squeezes his mouth open. He runs his thumb over the moist pink lips, then slips his thick middle finger inside. David shuts his eyes tight and clamps his lips around the man's finger, sucking at it like a cock. The finger tastes of tobacco and sweat. Fingers up his ass. A finger in his mouth. Plugged at both ends, like a chicken on a spit.

The man casually fingerfucks his mouth, sliding his fingertip over the gums and tongue, probing David's throat until he gags. Saliva bubbles around his lips, running over his cheeks and down his neck.

The man pops his finger free. He slides it over the boy's chin, probing the soft tissue beneath his jaw. David's throat bulges from his neck, a wide tube clearly defined beneath the taut flesh. The man gently squeezes it between his forefinger and thumb, prompting an involuntary swallow. The soft tube spasms, rippling like a caterpillar beneath his fingers.

The man takes a quick deep breath. "Good looking throat. Bet you can pack a big one down that hole." Vince smiles and starts to fuck his fingers in and out of the asshole, keeping the boy primed. He glances down at the bulge in the man's crotch and smiles. Benny is hooked.

And why not? Even though he stands behind the boy, Vince knows exactly what the man is seeing. He's seen it himself, plenty of times before. David is locked in Vince's favorite pose. Straining on tiptoe, his trembling thighs splayed wide open. Ass impaled, head thrown desperately back, hands tied, thrusting his chest forward and stretching his belly taut.

The boy has a spectacular physique—a hard square frame covered with a thick padding of smooth muscle in all the right places. Broad shoulders, narrow hips. Short, muscular limbs, big pecs, an ass like a split melon. Skin pale and flawless as a baby's. The pose shows him off at his finest, the very picture of submission and craving: a blond muscleboy in bondage, flaunting his big tits, putting his fuckholes on display.

This is the way Vince likes to make him stand before he gives the boy a long hard screw—except that instead of his fingers it would be a buttplug up David's hole while Vince slowly circled him, making him wait for it, letting the craving build until he crashes, letting it build again. Whipping his ass with

a belt, pinching his big nipples. Punching his belly, slapping his cock. Twisting the buttplug up his hole. The boy hates to beg for it. He always does, by the time Vince is through with him.

Benny's poker face begins to crack. He licks his lips, takes a quick drag off the cigarette. He runs his finger down the hard cleavage of the boy's chest, to the shallow navel surrounded by plates of scalloped muscle. "Naturally hairless?"

"He is now. Permanently."

David didn't have much hair on his body to start with. Electrolysis took care of the rest. Vince chuckles, remembering the way the boy wriggled under the needle. Five sessions spread over five days, three hours a session. The specialist charged an arm and a leg, but it was worth it to watch the boy strapped down on the leather cot, writhing as the needle denuded him completely below the neck. First the stocky, muscular legs, with their fleecy dusting of fine blond hair. Then the soft wisps around the boy's nipples and under his arms. Then the sleek, glossy pubic patch that ran from belly button to crotch and on between his legs to swirl softly around his hole.

All hairless now, forever. The specialist wouldn't do the kid's balls. Vince took care of that himself, plucking out the silky blond strands one by one.

"Smooth as silk all over, just the way you like 'em." Vince saws his fingers in and out of the boy's hole, pumping air into the pocket, listening to it fart around his fingers. "No more shaving. Nothing left to shave. Just wait till you feel your dick up his smooth hairless hole."

**Fat, heavy balls,
plump with
unspent semen.
The most
sensitive kind,
painfully full of
cum**

The man licks his lips, openly squeezing the bulge in his pants, staring at the boy like a hungry wolf. His voice is dry and tight. "Yeah . . . I can see. You've done quite a job on his nipples, too."

David's nipples are Vince's special creation. The same specialist who denuded the boy's body administered the silicone. A single injection of viscous jelly into the tiny cavity beneath each nipple, pumping

them up like tiny balloons. David had extra-large nipples to begin with, perfectly round, like copper medallions pressed flat against the boldly curving contours of his pecs. Now they stand out almost an inch from his chest, obscenely bloated cones of flesh perched at the tip of each pectoral, tender and glossy, amazingly resilient to the touch. Nipples as shiny smooth and sensitive as the tip of a swollen penis, perpetually erect.

The nipples have a freshly molested appearance, puffy and pink, shiny with saliva. Vince likes to suck on them for hours at a time while his dick is planted up the boy's fuckhole, clamping his lips around the base and sucking each bud into his mouth, feeling them swell up to ten times their original size. Sucking until they ache, nibbling and teasing his tongue against the tender tips, reducing the boy to his most shameless state of craving. Sucking the boy's oversized nipples while the boy's hole sucks his oversized cock.

Benny licks his lips and raises the cigarette to David's chest, bringing the glowing tip within a hair's breadth of each plump, protruding nipple, watching the boy's pectorals contract, listening to his breath grow ragged.

"Easy," Vince says. "Careful with his titties. He's not yours yet."

The man steps back. The poker face is gone. In its place is a mask of raw lust. He stares at the boy's crotch. "So where's his dick?"

"Why, you think he needs one? The kid's already got a pussy between his legs."

"C'mon Vince. I wanna see the whole package."

Vince chuckles. "Sure. Just pull the string. But there's not much to look at."

David's cock and balls are hidden from sight, tightly packed together inside a soft suede drawstring pouch. The mouth of the pouch is tied so tight around the base of his genitals that it hardly seems attached. It bobs ludicrously between his legs, a small leather ball stuck to the nude delta of flesh where his thighs and belly converge. With his penis and testicles so tightly compacted, concealed and camouflaged in the pouch, it's easy to imagine nothing at all between his legs except a smooth sleek depression leading back to the fuckhole between his cheeks.

The man finds the string and tugs at it, then pulls the pouch away. David shudders and gasps as his cock unbends and straightens fully erect for the first time in days. It snaps up against his belly, rigid and quivering, pointing toward his navel but reaching only halfway. Short and stubby, bone-hard. Slender whipmarks show on the taut, translucent flesh, more whipmarks at the blunt, moist tip. A toy cock, the most sensitive kind, all the nerve endings packed close together. Stripped of the surrounding pubis, it juts up nude and vulnerable from the boy's groin, like a squat little whipping post. Useless for fucking. Perfect for punishment.

"Yeah." The man snaps his finger against David's cock and sniggers. "Not much in the weenie department. But his eggs look like they might be fun to

crack." He narrows his eyes and reaches down to cup the hairless testicles in the palm of his hand. Fat, heavy balls, plump with unspent semen. The most sensitive kind, painfully full of cum with no place to unload. The man squeezes. The balls vibrate in his hand like gelatin.

Benny steps back and leans against the desk, almost tripping, unaware of his clumsiness. All his attention is channeled forward in an unblinking, smoldering stare. Vince nods. The corner of his mouth twists into a smirk. He pulls his fingers from the boy's hole with a loud, smacking pop. David lets out a bleating whine. A fresh sheet of sweat pours down his chest.

"Jesus, Vince. How do you do it? Don't tell me the kid came to you this way."

"The kid came to me a virgin. Never been porked. I just gave him a taste of my kind of loving. Soon as he found out what a real dick could do to that pussypot between his legs, he forgot all about that little nub in front. You could say we came to a quick and mutually satisfying understanding." Vince laughs—not at his own words, but at the twitch that flutters at the edge of Benny's mouth and the beads of sweat popping out across his forehead.

Vince takes a quick look at the nude and straining body beside him. David senses the glance. The veins bulge from his neck, his hips sway back, fucking the air.

Vince delivers a stinging downward slap to the boy's dick. "Put your little toy away."

David hunches forward opening and closing his thighs. It's a move he's obviously performed many times before. Without using his hands, he manages to tuck his hard cock between his legs, then squeezes his thighs together and stands upright. Nude. Sexless. Nothing showing between his legs but his smooth, bald crotch. He draws his eyebrows together and shuts his eyes in shame.

Benny stares. His mouth hangs open. The breath rattles in his throat. "I gotta fuck him. Now."

"Sure. We can talk business after. Right here?"

"Over the desk."

The man steps out of the way, hurriedly unbuckling his pants as Vince pushes the dickless boy forward, bending him over the desk, smirking with approval at the way the moist, slick hole automatically opens in a kiss.

David's face is pressed into the clutter on the desk. An inch from his nose, grotesque at such close range, is a glossy photo of a pretty redhead, his mouth impaled on a huge cock, his bright blue eyes gazing up at the camera in astonishment. David stares at the picture for an instant, then jerks as something thick and blunt begins to slide between his cheeks. He feels his hole yawn open with a will of its own, welcoming the intruder, reaching for it. He can't seem to squeeze it shut, no matter how hard he tries. He shuts his eyes tight and begins to cry again...

Fifteen minutes later, Benny is seated in the swivel chair behind his desk, smoking a fat cigar. Pants around his ankles. Shirt open, chest hairs glistening with sweat. His big chest pumps slowly up and down,

catching his breath. A quick, hard fuck. Next time he slams the kid he'll take his time, draw it out, really put the boy through his paces. This time he was just too hot. Vince's fault—Vince really knows how to show off the goods. And the way the boy squealed, even while his asshole was gobbling dick like a hungry mouth—nobody knows how to train a piece of boycunt like Vince Zorio.

**The nipples have a
freshly molested
appearance,
puffy and pink,
shiny with saliva.**

David is on his knees between the man's burly thighs. Face buried in his crotch, lips stretched thin and mashed flat against the wiry patch of hair that sprouts at the base of Benny's dick. The thick, greasy tube of flesh is buried down his throat, pulsing and warm. After the fuck, Benny said he wanted to soak his dick for a while before getting down to brass tacks. Vince was happy to oblige.

David's hole is burning and raw at the mouth, pummeled and bruised inside. Benny has a big one. His ass is red and welted, marked with handprints. Benny is a hitter. His hole, gaping and loose after the hard fuck, suddenly lets out a long rasping fart. The big load Benny pumped up his ass begins to back-flush, dribbling down the inside of his thighs. Above him, the men laugh. David's ears blush dark red as he cuts another fart, helpless to stop it.

His hands are still tied behind his back, his cock still tucked out of sight between his legs, hard as a pipe, riding the ridge that leads back to his hole. Benny reaches down with one hand, cupping his smooth meaty breasts, plucking at the pumped-up nipples. David groans around the dick in his mouth and squeezes his stubby cock between his thighs, rubbing the denuded, sweaty planes of flesh together, rolling his hips. He could come that way. It's the only way Vince lets him come. The fuck has left him hot and aching for it. But David knows better. He stops at the first twinge of pleasure between his legs, then concentrates on the fat, satisfied dick in his mouth, stroking it with his tongue, squeezing it with his throat, trying hard to make Benny feel good.

The man rewards him with a sharp slap across the face. "Not so hard, cocksucker. I told you, nice and slow. Nice and easy. You suck the way I tell you to suck... Yeah, just let it slide down your throat. That's the ticket, kiddo." The man takes a long drag

BEIRUT

on the cigar, then blows a cloud of smoke into David's face. David chokes and coughs around his dick. Benny clenches his teeth at the unexpected pleasure.

Vince sits with one knee propped over the corner of the desk, casually leafing through a stack of photos. Most of the models are Arabs. Smooth, slim-hipped Bedouin boys with long lashes and tender nipples. Big, hairy-chested Arabs with dark mustaches and thick, circumcised cocks. He pauses when he comes to a batch he hasn't seen before. Two musclemen, Turks by the look of them, working over a nude and obviously reluctant redhead. a new boy; Vince has never seen him before. New to Benny's establishment, new to the game; the look of astonishment on his freckled face is too genuine to be phony. Fresh meat. A meeting can be arranged, as always. Vince will make it part of the deal. He'll be needing a fresh hole to unload in while David is in hock.

"So, Vince." The man's voice is cloudy with smoke. "Where'd you find the kid? A fucking blond, no less. Must be a long way from home."

"American," Vince says. "Small-town boy. 19 years old. Ohio born and bred."

"So what the fuck's he doing in this hellhole?"

"What do you think?"

"Looks like a Marine."

"Yep."

"So how the hell did you get your hooks into him?"

"Ran into him outside Abdul's."

"AWOL, huh? Kid trying to score a phony passport? What's the story?"

"What's to tell? The kid wants to go home. I offered to help. Of course, these things cost money..."

"And you don't take charity cases."

"He's been earning his keep. But he'll have to earn a hell of a lot more if he's ever gonna pay his way home. Transit, safehousing, new identity. The works. I figure the best way for him to bring in some big bucks fast is doing a few months at your place."

Benny makes a face. "Business, with the war, it ain't what it used to be."

"Come on, Benny. A blond American, in this place? With his kind of body. You know your regulars will pay big bucks for a crack at his ass. He's prime stuff."

"Well..."

Vince takes a final look at the cute redhead, then tosses the photos on the desk. He reaches into his coat pocket for a cigar, looking down at the boy's upthrust ass. He swings his foot forward and pokes the tip of his shoe into the sweaty crack. David hunches back, groaning around the cock in his mouth. His asshole yawns open and swallows Vince's foot to the instep, drooling a mass of slick semen onto the shiny leather. Shoeshine boy, giving him a hot wax job with his ass. Vince will have him buff the tops with his tongue before he leaves.

Vince lights the cigar, whips the match through the air and tosses it onto David's ass. The hole snaps tight around his foot. Benny sighs at the squeal that vibrates through his cock.

Vince takes a quick drag off his cigar and exhales. "We'll work something out..."

OF LEATHERMEN AND THEIR ELEGANCE: COLT 1989 LEATHER CALENDAR

Like it or not, another new year—1989—is just around the corner. We can think of no better way to number one's days during the twelve macho months ahead than with Colt Studio's 1989 Leather Calendar, featuring a divinely decadent dozen dudes—pumped-up, hunked-out and presented in the inimitably elegant fashion that has made Colt the very best at what they do for very many years.

Deck your walls with balls, attached to twelve of the most stunning leatherstuds imaginable. Yes, they're that hot. Sassy.

Pouty. Arrogant. You'll want to jump all their bones, even if it's not a leap year. Wide-spread legs showing off the sweetest of buttocks. Ten-pound pieces of meat. Steely-eyed chaps in chaps and boots and vests, rubbing their leather against their super-developed pecs and almost—but not quite—cracking a shit-eating grin. A dozen dandy dicks and you'll love the daddy sitting on the toilet—too bad October only lasts 31 days—all packaged with the customary veneer of luxury and class that is synonymous with the Colt Studios name.

Make your fiscal year a physical year with twelve of the sexiest studs ever to be portrayed in glossy black and white. It'll make you look at the year to cum in an entirely new and erotic way.

The Colt 1989 Leather Calendar is available for ten bucks from Colt Studios, PO Box 1608, Studio City, CA 91604.

GET IT GRAPHICALLY WITH WIGLER/THOMAS GREETING CARDS

If Colt Studios has not sated your appetite for elegantly presented photographs of glamorous leathermen in luxe black and white, *Drummer* can indeed tell you where to look for more of the same. Perhaps you already have a 1989 calendar, but you're in the market for a greeting card to send to that special someone, a card brimful of amazing blondboy leatherattitude.

Photographer Jim Wigler—he of the internationally acclaimed "Faces of AIDS" exhibits—has teamed up with that absolute nonpareil of sweet blond fuckability, Coulter Thomas, International Mr. Leather 1983, in the publication of a line of twelve different greeting cards. These cards say just about all that needs to be said about leathermuscles or the innocence that can be contained in a sexually heated frown. Wigler is one of the few photographers around who knows how to make leather look like a sparkling black gift from the stargazed sun. And on Coulter the effect is somewhat wanton, if somewhat debonair. So it's that time of year—the

holidays—when you want to tell someone special something (someone just like Coulter, we should be so lucky, right) secretive that you've been putting off.

Like *I love you it's Christmas let's fuck our brains out right here right now under the tree but first let me give you this card because I'm tonguetied and reticent and shy as charming Colt Thomas*... Let Wigler and Thomas express the sentiment for you with their photographic images of seductive Coulter showing off his blond prettyboy naughtiness in twelve different erotic moods ranging from suckable blondcock revelation to absolute leathersneer. Jim Wigler has captured the hottest, the poutiest, the most succulent photographic leather shots of Colt Thomas (who looks as if he's on the verge of orgasm on every card) ever put on film. The Wigler/Thomas cards are available in sets of twelve, with each card having a different photo on the front. The cost is \$15 per set. Please add \$2 postage and handling per set. Order from: **Do You Get It Graphics**, 808 Post Street, Suite 824, San Francisco, CA 94109. □

YOUR RIGHTS TO READ AND VIEW WHATEVER YOU CHOOSE ARE UNDER ATTACK BY THE U.S. JUSTICE DEPARTMENT

If you enjoy and appreciate the freedom to read and see anything your choose, you will be interested to know that the Justice Department has mounted a massive attack against that very freedom and is actively and aggressively attempting to suppress films and publications that do not fall into a very narrowly-defined area of acceptability.

This action is being directed at book stores, video stores, distributors, and mail-order companies and has resulted in indictments against mail-order companies from Texas, Iowa, Tennessee, Washington, Florida, New York, Pennsylvania and Utah. [U.S. DEPARTMENT OF JUSTICE, July 1, 1988]. Investigations are continuing in Oklahoma, Indiana, Illinois, Mississippi, Minnesota and North Carolina. [JOHN H. WESTON].

The focus of this action is not limited to what you might find objectionable, but rather what those who are leading this attack find objectionable; and to the Reverend Joseph Chambers, who is one of the leaders in the "fight for stricter obscenity laws," and who receives support from the Reagan Administration, this could include almost anything. Rev. Chambers began his campaign against obscenity — his "odyssey" — after seeing a photograph by Annie Liebowitz of actress Debra Winger romping with her dog, Petey, in the October 1983 issue of LIFE magazine. "When I looked at that picture," he said, "I realized pornography had come...to mainstream America and that it was just completely infiltrating society." [ROLLING STONE, September 25, 1986].

People who think like Rev. Chambers are determined to control what you read and see, and they are being financed by your money — your tax dollars are paying for a very large bureaucracy in the Federal Government which is dedicated to one main objective — censorship. As Rev. Chambers' affliction clearly illustrates: Obscenity, like beauty, is in the eye of the beholder. People who can find obscenity in LIFE magazine cannot, and must not, be allowed to set the standards for the rest of us.

There are 93 "obscenity specialists" (Justice Department terminology) on the payroll of the Justice Department. [HARPER'S INDEX, April 1988]. The Justice Department has also been "involved in training...agents from the FBI, IRS, Customs, the Postal Service" and "will have trained close to 5,000 key individuals in the investigation and prosecution of obscenity." [UNITED STATES DEPARTMENT OF JUSTICE: OBSCENITY ENFORCEMENT REPORTER, V.1, N.II].

Millions of dollars have been allocated for the suppression of "objectionable films and publications" and yet, there are insufficient funds to combat the deadly serious problems facing our society. AIDS research, along with dozens of other programs in desperate need of government money, suffers from insufficient funding while your tax dollars are being used to censor what you see and read.

If this mis-allocation of funds outrages you — if you value the freedom to choose whatever you want to view and read — and if you don't want your films and books censored by people who still believe the world is flat, write your Senators and Congressmen in Washington and tell them you **strongly object** to any funds being allocated to the Justice Department to support the "obscenity specialists" and their agenda.

URGENT: Soon to be introduced on the floors of the House and Senate are 2 separate pieces of legislation (sponsored by supporters of Atty. Gen. Ed Meese) which will virtually eliminate everything of a sexual nature from the public sector. Act now! Preserve your right to choose what you want to view and read.

IT'S THAT EASY! And that's the way it should be. The pages of this magazine have always been a communication center for leathermen! By expanding and simplifying Dear Sir, we are doing just that. No deadlines, no headaches, no \$7 box charges,

deduct 10% on the additional insertion(s). Our rates are a fraction of the competition.

Want a Drummer box number? Add a buck, that's all. The responses to your box will be forwarded to your address as soon as we receive them. Box numbers can be assigned for personal ads *only*.

Phone number? Run your number for instant results. But include a dollar for us to call you to verify the number for your protection and ours.

Payment? Pay by check, money order, Visa, Mastercard or American Express. If paying by credit card, include card number and expiration date along with your signature.

Censorship? No, Sir! — provided you keep references to minors, animals, prostitution or drugs out of your ad. These we cannot accept. And, of course, you must be 21 or better.

no \$20 cancellation fee, no \$5 phone verification fee. And only 50¢ a word!

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service will not return mail without **your** return address. Keep in mind that people do move and their needs and desires do change.

FOR LEATHER FRATERNITY MEMBERS ONLY: Your **50-word** ad is included for the next twelve issues as part of your membership. Change your ad as often as you like—but remember to keep your ad within the **50-word limit** to allow space for everyone else's. **Any Leather Fraternity ad not complying to this limit will be edited.**

There is no box charge and if you send replies to other advertisers you don't need to bother sending in the 25¢ forwarding fee per envelope. How about that! The Leather Fraternity is a real deal even without these features. With them, it is an even bigger bargain!

NORTHERN CALIFORNIA**LET'S BE TOGETHER**

Are you an older (60-80), nice, stable, fatherly/grandfatherly man? Masculine yet loving and intelligent, a bit paunchy, maybe balding, mature in mind and spirit as well as in body? I'd like to meet you! I'm 39, WM, healthy, intelligent, caring, idealistic. I live in East Oakland with a second home in Duluth MN. Originally from Michigan and still like the Great Lakes area a lot. I've done freelance photography and construction work. Now semi-retired, still work my contracting business part-time. I love building wood sailing ship models, also enjoy photography and fine woodworking as hobbies. I am also interested in working for an ecologically and economically sound, livable and just world in which to live. My volunteer activities range from the local block association to efforts at getting national health care in America. I enjoy card and board games, a good discussion on solving the world's problems, shared hobbies, or just relaxation and meditation. A good movie or nice walk makes a wonderful evening out. I'm totally open about who and what I am—neither hide nor flaunt it. I'd want to share with you the open and excellent relations I have with my family. Holidays together with family would be wonderful! I want to travel through life with a nice older man of kindred spirits, sharing mind, body, soul, ideals—maybe career (am open to learning a new line of work or sharing my present skills). If you're retired we can share hobbies, travel, volunteer activities. We are both healthy, have been careful, want to be monogamous, don't care much for smoking or drinking, don't use drugs at all. Life has many wonderful natural highs. Why drown that in chemicals? Liking ourselves and not trying to be something else is really important. Our natural scents and tastes are one of life's high points. A bath once or twice a week is fine; more often only strips away our wonderful natural scent. I'd love to have you sit on my face, farting up my nose, maybe drop a turd in my mouth... whatever comes naturally... as I sniff your hot, pungent, brown hole and lovingly caress and refresh it with my warm, wet tongue. And relieve you by taking your dick in my mouth to swallow down your sperm, maybe a leak now and then too. Plus lots of good old-fashioned holding, cuddling, being secure in each other's arms. This is such a glorious expression of manly love that spans the generations. I'm not into toys, substances, pain or strong role-playing. I do want close, deep relations on all levels... in and out of bed, through good times and bad times. If you truly relate to what I've said, I want to hear from you (include phone). I'm writing this for far more than a quick fling, so read it over and do some serious thinking—then if you feel we may be good for one another, man, I would like to make contact very much. Ken Bowers, 5626 Scoville, Oakland CA 94621.

NOW YOU HAVE TWO REASONS TO BUY VITA MEN

30 DAYS SUPPLY

You probably don't need the VITA-MEN formula if you are not a male, 21 years of age or older. Or if you are and you consume a perfect diet daily, with little or no junk food, consume no alcohol nor smoke, keep regular hours and there is little or no stress in your life.

And if your idyllic life includes no exposure to whatever it is that causes colds and flu, along with many of the other communicable diseases that plague mankind.

Now, we certainly are not claiming that VITA-MEN or IMMUNITABS will make you immune to all the things that are going around, but considering what is going around, we honestly feel that your chances are considerably better if your body is operating with its immune system on battle-stations alert.

There are a great many reasons for preferring VITA-MEN products to the run-of-the-mill drug store variety. Or even most of the mega-formula brands with something for everyone.

If you are a young man, aged 21 to whatever, after cleaning up your act, may we suggest you perfect your diet. You are whatever goes inside you. And VITA-MEN was designed by dedicated doctors to do just that, buddy.

Enemas DISEASE

The medical profession totally mis-
understands the concept of constipation.
Foods with excess fat, protein or car-
bohydrates take 6-10 times longer to
digest than fully nutritious fruits and
vegetables; hence such foods constipate.
The exceptionally slow movement of such
foods in the digestive tract causes
America's leading diseases: gastritis,
heartburn, ulcers, appendicitis, diver-
ticulitis, gall bladder and heart disease.
Longer digestion time also increases tox-
ins through bacteria proliferation which in
turn causes mal-absorption of nutrients
and immune suppression; problems
which give rise to a host of various com-
mon ailments and strange degenerative
diseases. Colon hygiene daily detoxifies
the body allowing internal awareness. For
his published research, Enemas for
Health, send \$10 to Steve Perkins, 1226
Haight St., San Francisco, CA 94117. The
Shower Bidet \$50 (safe, quick cleansing).
Phone Consultations \$25, \$50.

OLD RELIABLE Hairy, Too!

CHAD JAMES

RICK

JOE

VT-76 HAIRY, TOO!

These six guys are all **built, beefy, and hairy, too!** Mike Glacier is still around, and **better than ever!** He's now 29, and a **mean, muscular 175#** at 5'10". His too-vivid imagination comes to life in audio cassette C-76-1 which is **bloody psycho "straight boy hell,"** and **quite frankly not for most people!** He also spins some heavy-duty **abuse and humiliation** in a talk tape with Dale (C-42612) that I've called **Hustlers II**, C-76-2. Mike is in a lot of earlier tapes and photos, **every one a classic.** His new photos are sets 76-A and B. Next up is **Anthony.** I don't have his stats, but he's late twenties and **from Jersey**, about 5'6", and a **dancer.** His video is very **graceful and intense.** He is in photoset 76-C, and wears a **cockring.** Rick A. is one of those modern-day wonders, the sight of which makes your heart melt, and your sense go out the window. He's 22, 5'8" and 170# of heaven; he plays football, soccer, and skydives, besides martial arts. Rick A. is **rough and wild**, and was brought around by Rick (of VT-51). His audio is another one that **won't appeal to the gentle**, but if you can dig S&M, **straight-boy style**, then C-76-3 will have you **seeing stars!** There is one set of photos, 76-D. **Steve W.** is a California guy of Swedish-Polish background, and at 22 he's 6'1/2" and 170#. He likes sex and basketball. His **blue eyes are dazzling** and would bring sunshine to any rainy night! His audio tape C-76-4 is pretty **AC/DC**, mostly stories, and includes **dildoes** and lots of **fuck action.** Steve is in photosets 76-E and F. **Joe Butchmann** is lean, hard muscle from the North Central area of the U.S. Joe is 26, weighs 180# and is 5'11". He's mostly German-Irish with a touch of French and Norwegian, and a green-eyed blond. He's an all-around athlete who varies in person from being the nicest guy around to a **force to be reckoned with.** Joe is still sowing his wild oats. He is in photosets 76-G, H and I, **all of which include a cigar.** Finally there is **Chad James**, who you may have seen in many more mainstream gay films. Chad is part **Apache** and always ready to attack! He likes track and working out, and is 5'7". His **superhard** pix are sets 76-J and K. **These guys are all special ... if you want to see some men, look no further!** VT-76 is two hours of color and sound, for \$59. Please specify VHS or Beta and add \$3 for postage. These men all talk, flex, and J/O for you!

FIND A REAL MAN IN DEAR SIR

Why experience only "one-handed reading"? I'M LOOKING FOR REAL MEN

WHO POSSESS COURAGE: the state of mind that enables a man to face the new or unknown with self-respect and conviction—a quality that enhances his manhood—not COWARDS: big "butch" men who buy *Drummer* only to call and play "phone games!" The latter can answer "Dear Sir" ads—I want the former! This expertly skilled young executive type Master will introduce the novice, or expand the physical and mental horizons of the experienced, in the manifold disciplines of bondage, submission, tit, ball & ass work, servicing, and other scenes performed safely with knowledge in my well equipped bedroom/playroom. (NO piercing, enemas, W/S or mummification.) Why buy *Drummer* if you weren't curious about what you see? Come forward—have courage—step out of *Drummer* fantasy and experience *Drummer* reality. WHEN IN NEW YORK call (phone verification will be required from the beginning to separate the "Drummer Cowards" from the serious). No exceptions. No excuses. Scenes from \$100 (calls after midnight are more expensive). DO NOT PHONE BETWEEN THE HOURS OF 2AM UNTIL 10AM. Even a Master needs his sleep! Luke (212) 772-1097

Where Leathermen Meet.

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be THE leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us alert *Drummer* readers and travelers to the RIGHT place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too. -Fledermaus

LEATHER BULLETIN

NAME THE NEW LAND

The Rocky Mountaineers MC proudly announced the purchase of 41.3 acres of mountain property near Fairplay, Colorado, the culmination of an eight-year fundraising effort. The Club paid \$30,140 for the land, including closing costs and fees. The land is owned by the Rocky Mountaineers free and clear of any mortgage. The 17th annual Golden Fleece Run was held over the July 4th weekend at the new site. Initial efforts to acquire property began eight years ago, when it was felt that sooner or later the National Forestry Service would refuse to allow the Golden Fleece Run to be held on Forest Service property. Due to the success of the eight-year fundraising effort, that will no longer be a problem! A "Name the Land" contest has been established, which will result in the naming of the new land during the Club's 20th Anniversary in October. Inquiries concerning the Club's new property should be directed to **RMMC, PO Box 2629, Denver, CO 80201**, or by calling Club President **Gregg Looker at (313) 399-6361**.

THE PATH TO VICTORY

With the Olympics finally winding down and our own new Mr. Drummer 1988, Ron Zehel, emerging victorious and winning his own gold medal, we at *Drummer* thought the time had come to take a deep breath and recover from the contest season. However, across the country the march along the path to victory never really ends. Several of the major leather titles will be awarded during the winter months. Three contest organizers are gearing up now to ensure their success:

Mr. Leather New York

On November 12, Metropolis will choose its next SuperLeatherman at the 5th Mr. Leather New York contest, to be held at Tracks (531 W. 19th) beginning at 8 PM. All proceeds from the event will benefit the AIDS Resource Center. Again this year each contestant will dramatize his own erotic fantasy for the audience. The first Mr. New York Leather, Henry Romanowski, will be producing the event, for which the array of judges presently includes Zeus Mogul Mikal Bales, *Drummer* publisher Tony DeBlase, a representative from the Chicago Hellfire

Club, Dom Orejudos (the artist Etienne), and International Mr. Leather '88, Michael Pereyra.

A special appearance by the new Mr. Drummer, Ron Zehel, is scheduled and as you can see from this photo (the first of many we'll be bringing you of handsome Ron) any appearance by Ron is sure to be special! For more information regarding tickets, raffles or how to enter the Mr. New York Leather contest, contact **AIDS Resource Center, 24 West 30th Street, New York, 10001**, or call **(212) 481-1270**.

Mr. Mid-Atlantic Leather

The Centaur MC will host Leather Weekend 1989 and the Mr. Mid-Atlantic Leather Contest over the weekend of January 13-15 in Washington, DC. This will be the fifth anniversary for the contest, which has become the biggest gathering of leathermen on the East Coast, famous for good fellowship, Leather Cocktails, and one of the most hotly contested and prestigious leather titles. For MAL V (V for five, V for the Path to Victory), past winners of the title are being enlisted as judges. These include Jeff Vertis, Louis Bothwell, Michel Rousse and Mitch Davis, who will be joined by Tommy Leago, Mike Murray, Vern Stewart, Patrick Toner and others.

BOARD

Anyone wishing to compete for MAL V should contact Contest Coordinator Al Santora at (717) 236-9271 or by writing **PO Box 912, Harrisburg, PA 17108-0912**. To register to attend Leather Weekend 1989, contact Registration Chairman John Rocco at (703) 461-0967 or by writing **2210 N. Pickett Street, #T-2, Alexandria, VA 22304-1065**.

International Ms Leather

It's hard to believe that International Ms Leather '88, Shan Carr, has already reigned for six months, and that efforts to select her successor are already underway. The third International Ms Leather will be chosen in San Francisco on March 25, 1989.

The current board of directors are seeking to make this next contest a truly national and international event and are attempting to establish preliminary contests across the country and abroad, with the result being a group of finalists having a wide geographical range. In addition, the board is also seeking nominations for the panel of judges for the San Francisco finals. If your organization is interested in sponsoring an IMsL regional contestant, or if you would like to nominate your favorite leatherwoman as a judge for the finals, please contact International Ms

Leather, Inc., **PO Box 460504, San Francisco, CA 94146**, or phone board President Sky Renfro at (415) 863-1386.

SONS OF APOLLO MC HANG UP THEIR HELMETS

June 25 marked the final bar night of The Sons of Apollo Motorcycle Club. After 14 years this group of Arizona leathermen has decided to disband. They have been instrumental in the development of the Arizona leather scene and they will be missed.

SMOKE GOT IN THEIR EYES

Hot time, summer in the city, and more than 75 cigar studs got dirty and gritty during the mid-summer heat wave in New York City. Hot Ash, the club for real men who smoke cigars celebrated its first dungeon party at the Cellblock 28 on August 10th. We're told that over half of those in attendance were cigar smokers, some of whom are pictured here as they tried to set the night on fire. Hot Ash thanks Lenny of Cellblock 28 for the use of his clubhouse and encourages all stogie enthusiasts to write for more information. TC 1327 says we can call him by his nickname, **Stoker**. Stoker is a serious smoker and stroker who has set aside a special Havana especially to celebrate publication of this issue of *Drummer*. To contact Stoker (and find out exactly where he has been keeping that special Havana), write TC 1327.

TOUGH CUSTOMERS

Photographs of this **Montreal leather daddy** (6'2", 190 lbs.) arrived too late to be included among our Tit TC's (Issue 121). "My tits are my life!" he claims. He has other interests as well, including training guys in bondage, discipline and SM. He seems to have one of the world's most awesome collections of body jewelry. Talk to us, Harry Winston, tell us about it! Write TC 1327.

The **Ohio TC** pictured here obviously enjoys the open air—as well as group therapy with several leather daddies (35-50) at one time, as long as they can get down and dirty and fly by the seat of his pants! Contact TC 1326.

This **versatile, energetic TC** likes to play safe games on his own turf with men 40 and under, bearded and hairy (but not heavy!). He likes leather and toys (How convenient!), and do note the size of his own toy! Send your photos and detailed letters to TC 1325.

Cumming Up in *Drummer*

For those unfortunate folks out there who missed the 1988 Mr. Drummer Finals, as well as for those who DID attend and had the time of their leather lives, **Drummer 123** will contain the most comprehensive coverage EVER of a Mr. Drummer contest. PLUS the Folsom Street Fair and other exciting events that made San Francisco's first Leather Pride Weekend such a whacking success! And for all you assmen and cockhounds! From the camera of official Mr. Drummer photographer Drew Nicholas, **Issue 124** will feature a steamy and revealing look behind the sweaty jockstrap and underneath the wellworn leathers of the new Mr. Drummer, RON ZEHEL of Columbus, Ohio. Find out why they call the Midwest the *hardland of America*!

THROUGHOUT THE CUMMING YEAR . . .

DRUMMER will share with you intensely erotic portraits of all the 1988 Mr. Drummer finalists, just as soon as they (the pictures, not—alas—the finalists) can be pried out of the fists of our inquisitive and horny staff! (Well, there have to be some perks around here!)
